## C. C. OFFICIALS TO ARRIVE IN VERNON TODAY

Presidential Party of West Texas Chamber of Commerce Will Attend Meeting of Local Business Council at Presbyterian Church.

Carrying out the schedule for the booster tour of this section of the state, the official party of the West Texas Chamber of Commerce composed of President R. Q. Lee, Manager Porter Whaley, and other officers of the organization will arrive in Vernon late this afternoon from Seymour. The official party will attend a business council organization meeting and banquet to be held at the Presbyterian church tonight at 7:45. The president and Mr. Whaley will be the chief speakers of the evening on a program prepared for the occasion.

All members of the local chamber of commerce, in addition to the sixty-two newly elected members of the business council are requested to attend, according to R. M. Fielder, secretary. In an effort to make this one of the greatest banquets ever held by the organization. Cecil Storey is to be toastmaster for the occasion.

At the meeting tonight, officers for the business council will be elected, and the organization perfected. Hubert Harrison, manager of the Wichita Falls chamber of commerce, known to Vernon business men as the man who planned and directed the recent membership campaign here, will speak on "The Purpose of the Business Council."

Accompanying the official party of the West Texas Chamber of Commerce are Mrs. Lee and Mrs. Whaley.

The local Federation of women's clubs plan to entertain the ladies in the party.

The following program will be carried out tonight:

Music—Orchestra.  
Bats.  
Purpose of the Business Council—Hubert Harrison.

Election of Chairman and Vice chairman of Council.

Address—Col. R. Q. Lee, President W. T. C. of C.  
Music—Orchestra.  
Address—Porter A. Whaley, Manager W. T. C. of C.

Introducing other members of Col. Lee's party.

Adjournment.

## BROWN STARTS NEW BUILDING

LOCAL GROCER WILL HAVE MODERN STORE HOME ON NORTH MAIN STREET.

Work has been started on a building for John Brown, local grocer, to be erected at the corner of Main and Wanderers Streets, that will be occupied about September 1 by the Brown's Cash Grocery. The building is to be a modern one-story brick structure of the latest design for store buildings.

In addition to the usual features for store buildings, Mr. Brown is to have installed a cooling system for taking care of fresh vegetables and other perishable merchandise. The building will have a basement and a deck leading off the main floor for office space.

The building is being erected by Neeley & Davis and will cost approximately \$10,000.

T. L. Pierce is planning the erection of a one-story building immediately south of the new Brown building, but has not closed a contract.

## VERNON PEOPLE RETURN FROM EARTHQUAKE AREA

Mr. and Mrs. Harper Reed returned Friday night from Helena, Mont., where they have been visiting their son, Fred Reed, and family and their daughter, Mrs. E. L. Johnson of Missoula, Mont. While visiting their son, who makes his home in the mountains above Helena, they were in the earthquake. Four distinct shocks were felt and in Helena several big buildings were damaged. One window dresser in Helena thought spooks were after him when the shoes he was arranging in the window began to dance the latest steps. On emerging from the window he found chimneys off houses and other signs of a tremor. Mr. and Mrs. Reed are glad to get back to Texas.

## In the News Spotlight

Above: LEON TROTSKY & ADOLFO DE LA HUERTA. Below: O. P. VAN SWERINGEN & JOHN W. DAVIS.

Leon Trotsky, immediately after taking over his new post as head of the Soviet Concessions Committee, indicated he would encourage American investment and American industry in Russia. Adolfo de la Huerta, from exile, wrote letters to Mexican generals urging a revolt against President Calles. O. P. Van Sweringen, creator of the Nickel Plate merger plan, was bitterly assailed by counsel for dissenting groups at the Interstate Commerce Commission hearing. John W. Davis has been asked to help defend J. T. Scopes, indicted in Dayton, Tenn., for teaching evolution.

## SIX DWELLINGS STARTED HERE

SHIVE ADDITION LEADING IN BUILDING PROGRAM OF CITY AT PRESENT.

With the beginning of construction work on six new dwellings reported Monday, Vernon's building program is still on the increase. The Shive Addition has the distinction of having more dwellings under construction at present than does any other section of the city.

Frank Hood recently began construction on a five-room bungalow in the Shive Addition, and Oscar Fowler is adding a four-room bungalow to the list of houses now under construction in that section of the city.

H. E. Rogers is starting a dwelling on South Cumberland. It is to be a five-room modern bungalow with standard fixtures.

Mrs. Hatlie Fuller is preparing to start construction of a four-room dwelling in the Shive Addition.

H. A. Hood is building a modern dwelling on South Stephens street. R. N. Hall is starting construction on a five-room bungalow in West Vernon Heights.

## Vernon Citizens Named for State Endowment Drive

R. M. Fielder, secretary of the Chamber of Commerce at Vernon, and former student of Baylor University, has just been named chairman for Wilbarger County of the \$1,500,000 endowment-enlargement campaign for Baylor University. Dr. T. D. Brooks, faculty director of the drive, announced today. Superintendent W. T. Lofland of the local city schools, also a prominent ex-student of the university, and other Baylor exes of Wilbarger county will co-operate with Mr. Fielder in the drive.

The local campaign is a part of a huge state campaign launched because of an offer of the general education board of New York City to give Baylor \$300,000 provided funds for the sufficient endowment and enlargement of the university can be raised, and because of a stated desire to permit an expansion and enlargement program for the university already contemplated.

Judge Griffiths Ill.

Judge T. J. Griffiths, who has been indisposed for the past week, took a turn for the worse last night when he suffered a bad attack of heart trouble. He is some better today, but will be unable to appear at his office for a few days.

## LOCAL CHURCH TO BE REPAIRED

WORK STARTED ON METH. DIST BUILDING TO CONTINUE SEVERAL WEEKS.

Extensive repairs are being made on the First Methodist Church building and it is expected that within the next few weeks the building will present the appearance of a new structure. The interior is to be redecorated throughout and all outside wood work is to be repainted.

In the past year considerable damage has been done to plastering in the interior of the building due to leaks in the roof. These have been repaired and the plastering is to be torn off and replaced where damaged and then the entire interior will be repainted and redecorated. The cost of the repairs is estimated to run from \$8,000 to \$10,000, and several weeks will elapse before the work is completed.

## Teinert Owner Now of O'Steen Dry Goods Store

A. H. Teinert announces that he has purchased the stock and fixtures of the O'Steen Dry Goods Company on Main street and has changed the name to the Teinert Dry Goods Company, and has assumed active management of the concern. Mr. Teinert is an experienced salesman, having been head of a department with Dixon Dry Goods Company for several years. Last summer he was in partnership with T. L. O'Steen in this store but later disposed of his interest in the business and returned to his old position with Dixon Dry Goods Company. Miss Esther Teinert, who has been with the Dixon company will assist her father in the business. Mr. O'Steen has not announced his plans for the future.

## NEGRO WOMAN SHOTS MAN LATE SUNDAY AFTERNOON

Henry Cooper, negro, was shot in the arm late Sunday afternoon and local officers are holding Willie May Franklin, negro, in connection with the shooting. The shooting occurred near the home of Paul Goetze at 2100 Cumberland Street, where the couple worked.

The negro claims that she shot the negro because he was beating her. She is alleged to have fired several shots at him as he ran. However only one took effect.

## AGENT ISSUES SPECIAL CALL TO LOCAL BOYS

P. D. Chaney Requests Wilbarger Club Members To Attend Annual Encampment at Fair Park Next Week—Will Meet Saturday.

Special letters were written this morning to the twenty-five members of the Boys' Clubs of Wilbarger county by County Agent P. D. Chaney, requesting the boys to make a special effort to attend the annual encampment which will begin at Fair Park next Tuesday. Mr. Chaney expressed the belief that this county would be represented 100 per cent.

As an indication of the forms of entertainment which will be offered the members, the letter requests the boys to bring bats, balls, boxing gloves, bathing suits, and other athletic goods. In addition to this club members are asked to bring toilet articles, bedding and other equipment that will be needed while in camp here.

The letter issued by Mr. Chaney especially stressed the fact that the fathers of the club boys are expected to attend the encampment this year and take part in the farmers' short course which will be offered under the supervision of special agricultural agents from the Agricultural and Mechanical College of Texas.

Mr. Chaney estimates that about 300 boys and men will attend the encampment. While at the camp the boys will be subject to certain regulations. Physicians will be provided in case of injury, and life guards will attend all swimming parties.

The local agent is enthusiastic in regard to the outcome of this year's encampment, and expresses the belief that it will be the best ever held here. Among the prominent men who will speak here are representatives of Fort Worth creameries, the Fort Worth and Denver railroad, several experiment stations over the state, and dealers in farm machinery.

## Vernon Couple Married Sunday Night in Quanah

A marriage of interest to friends of the young couple was solemnized Sunday night in Quanah when Miss Jimmie Cox of this city became the bride of T. J. Peacock, also of Vernon. The ceremony was performed by Rev. J. A. Story, pastor of the Quanah Methodist church at his home.

The bride is a daughter of Mr. and Mrs. J. A. Cox, of Vernon, and was reared here. She is a graduate of the local high school and was a student at the West Texas Teachers college. She taught last year at Bourland consolidated schools.

Mr. Peacock is a tank salesman for the M. & V. Tank company and came here from Wichita. Falls to represent his company a few months ago. His home is in Altus, Oklahoma. They are at home now at 2003 Main Street.

## Streets of Vernon Are Quietest In Years While Citizens Observe Independence Day in Other Places

The streets of Vernon were quiet and more deserted last Saturday than on any July Fourth in recent years, according to old-timers. Most of the local citizens chose other cities in which to spend their holidays, and it seems that few out-of-town people chose to spend Independence Day in Vernon. The city was so deserted that it was decided not to hold the short Defense Test Day program which had been planned for 4 o'clock.

A stranger on the streets of Vernon would never have suspected that a holiday was being observed except for the closed stores. Even the kiddies seemed to be sleeping during the day. Not until late in the afternoon did any fireworks disturb the peaceful solitude that hung about the city and then only a few of the more ambitious celebrated. Scarcely anyone registered with

## SCHOOLS MADE GOOD SHOWING DURING YEAR

Superintendent's Annual Report Indicates That Average Attendance At Vernon City Schools Was Above Average Last Year.

The annual report of the Vernon public schools which Superintendent W. T. Lofland recently made to the state department of education shows that the work of the city schools during the past year has been above the average. All of the schools taught the full nine months, and the average daily attendance was far above the average.

With a total enrollment of 1735, the average daily attendance was 1359. This is much better than the average made by the rural schools of the county which was recently published. Out of a total enrollment of 3010, the average daily attendance was 1767.

The cost of instruction per pupil in the city schools was slightly less than that of the rural schools of the county. In the Vernon schools, a little over forty dollars were spent on each pupil, as compared to \$42.17 spent on the students of the country schools. The cost of instruction per pupil in the colored school of Vernon was \$11.41. This school had a total enrollment of sixty-two.

The average annual salary paid the men teachers of the Vernon schools during the past year was \$1787.47, and that paid the women of the schools was \$1059.73. In all, forty-nine teachers were employed.

Arithmetic was the most popular subject among the students with 1349 enrolled in that subject. In the country school, spelling was the most popular subject, as shown by Superintendent L. A. Hoilar's report. Drawing ranked second in popularity in the city schools with 1335 enrolled.

## Local Post Office Receipts Increase During Past Year

Receipts at the local postoffice for the fiscal year ending June 30 exceeded those of the preceding year by almost \$5000, according to recent statement issued. Total receipts for the fiscal year ending June 30 were \$33,201.21, while the total receipts for the preceding year were only \$28,795.81.

Quarterly statements show that the receipts for only one quarter were less than those of the same quarter of the preceding year. The receipts for the quarter ending September 30, 1924, totaled \$8,152.85, while those of the same quarter of the preceding year totaled \$6,848.88. Receipts for the quarter ending December 31, 1924, totaled \$10,316.51, while those of the same quarter of the preceding year totaled only \$8,975.37. Receipts for the quarter ending March 31, 1925, totaled \$8,465.09, and those of the same quarter of the preceding year totaled \$7,005.41. Receipts for the quarter just closed totaled \$8,326.76 as compared to \$6,296.15 for the final quarter of the preceding year.

## Material for Red River Toll Bridge Arrives in Vernon

Three car loads of bridge timbers for the toll bridge to be constructed across Red River between here and Frederick, Okla., arrived in Vernon during the week-end, and construction on the bridge will start soon, according to John Nabers, county engineer.

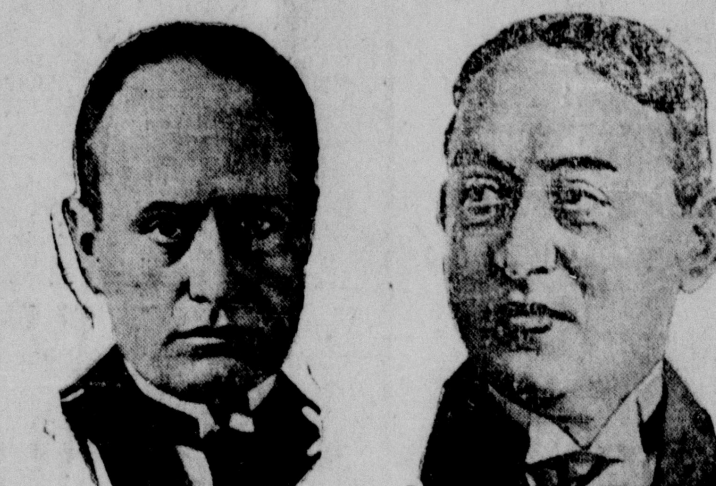

With the construction of this bridge, the final link of the Lee Highway stretching from coast to coast will be completed and passable.

Local officers report that the day was the quietest holiday with them that has been experienced in some time. Only a few were arrested on whiskey charges, and no other arrests of any sort were made.

Physicians report that no accident cases were reported during the day.

Reports indicate that most of the local citizens spent the holiday at Electric, Medicine Park, and Lake Kemp.

## Spotlight of the News

Above: PRINCESS HERMINE & PRINCE OF WALES. Below: DENITO MUSSOLINI & GOVERNOR SILZER.

Princess Hermine has left the Kaiser, according to reports. The Prince of Wales placed a wreath on the monument of Paul Kruger, the "Oom Paul" of the Boer War, at Pretoria, South Africa. Premier Mussolini obtained absolute rule with the passage of press gag laws and other drastic new legislation. Gov. Silzer, of New Jersey, in a speech before the Steuben Society at Carlstadt, recalled poignantly the days when beer was sold legally.

## LEGION PLANS LOCAL DRIVE

VERNON POST WILL HAVE CAMPAIGN TO RAISE QUOTA OF ORPHAN FUND.

In an effort to raise Vernon's quota of the \$5,000,000 fund to be raised for war orphans, the Albert E. Robinson Post of the American Legion will wage a short campaign among the Vernon business men soon, according to Leon H. Brown, secretary. Vernon's quota has been set at \$1450, which is a very small amount for a city of this size, Mr. Brown states.

Chillicothe, Wichita and practically all of the cities near by have already raised their amount during the state campaign which was waged a few weeks ago. Vernon did not take part in this campaign because a membership drive for the local chamber of commerce was being waged at the time.

Local officials of the American Legion are working out the plans for the drive now, and it is thought that the drive will start in about two weeks. It is planned to hold a large banquet for the business men of the city as the initial movement in the drive.

## FATHER AND FOUR SONS EN ROUTE TO OLD HOME

J. R. Ross and sons, Hardin A. of Odell, and Alex. S., Charles P. and J. Baxter of Vernon left this morning by automobile for a visit to their old home in Georgia. This is the first visit they have all made to their native state since Mr. Ross and his family arrived here in 1889 to make their home. They go directly from Vernon to Acworth, Ga., by way of Dixie highway crossing the Mississippi at Vicksburg. They will be joined there by Mr. Ross' nephew, Fred Rainey, and wife, of Greenville, South Carolina. Later they will visit relatives in Atlanta and Chattanooga and will return to Vernon about August 1.

## MEMPHIS PHYSICIAN HURT AT LAKE KEMP

Dr. Truman Lewis, prominent physician of Memphis, and president of the Rotary club of that city, is here in a hospital for treatment following a slight accident at Lake Kemp, Sunday. The physician and a friend finding their automobile was out of commission, telephoned for a service car to bring them here. On their return to Vernon, a rough place in the road resulted in Dr. Lewis being thrown to the top of the car where his neck and head were injured. He expects to be dismissed from the hospital soon.

## LOCAL ELECTRIC PLANT IS SOLD

MORRISON & M'CALL DISPOSE OF ENTIRE HOLDINGS IN UTILITIES FIELD.

Announcement was made yesterday of the sale of the common stock of the Central Power & Light Company, more commonly known as the Morrison & McCall properties, owners of the local electric and ice plant, operated under the firm name of the Vernon Electric and Ice Company, to the Middle West Utilities Company of Chicago. The sale transferred all properties of the Morrison & McCall interests, including the Vernon plant.

This deal means the retirement of Messrs. Morrison and McCall from the public utilities business, although it is stated that the partnership will not be dissolved, it being continued for the management and operation of other properties, outside the public utilities field.

T. H. Smith, manager of the Vernon business, was notified yesterday of the sale of the properties. A letter from R. W. Morrison of San Antonio, who is senior member of the firm and actively in charge of the business in Texas and the Southwest, made the announcement. Substantial bonus checks were sent for distribution among all employees of the Company here.

So far as is known there will be no change in the policy or management of the local property. Mr. Smith will continue in charge locally and will maintain his present organization.

## Dixie Fiddlers To Play

Dr. and Mrs. A. P. Howard, Mr. and Mrs. S. J. Lynch, and Louis Franklin left today for Denton, Gainesville and Fort Worth. Dr. Howard and Mr. Franklin will join the other Dixie Fiddlers tonight in Gainesville, where they will play. They will return the latter part of the week.

## To Return To Dallas

Mr. and Mrs. W. H. Huggins are returning to Dallas Thursday where they go for surgical treatment for Mr. Huggins' arm which was badly broken in an automobile accident last fall. Mr. Huggins has been in Dallas for treatment several times and it has become necessary to have operations performed but this time it is thought it will not be necessary.

## To Visit In Denver

Mr. and Mrs. W. H. Huggins and granddaughter, Mary Louise Pilgreen, accompanied by their son, Roy B. McClelland, of Camden, Ark., left today for Denver and Colorado Springs where they will spend several weeks visiting relatives. Mary Louise, who has been here for a visit with her grand parents for several months is returning home.

## HUMBLE GETS NEW SAND IN GULF SECTION

1300-Foot Level Is Extended Two and a Half Miles By Completion of Producer From That Level on Section 50—Others Nearing Sand.

The 1300-foot pay was added to the Gulf pool during the week-end by the completion of Humble Oil and Refining Company's No. 1 D. Wagoner, located in the southeast corner of Humble's forty-acre lease in section 50, block 14. The well is making about 100 barrels from a sand topped at 1300 feet. It was drilled nine feet in the sand, and oil rose to a considerable depth in the hole.

This is the first well brought in from the 1300-foot pay in this section of the fields, and it extends that horizon about two and a half miles, the closest wells producing from that depth being in the South Vernon field. This sand showed salt water in the Gulf well which brought in the field a short time ago from the sand at 1700 feet.

Bridwell-Heydrick is running 6-inch casing to shut off a water sand at 1980 foot on section 52, block 14. The well will be carried to the 2300-foot horizon in an effort to pick up the big producer level.

Panhandle Oil company has completed its contract in the northern part of the county by drilling the well in section 49, block 12 to the 2400-foot depth. It is understood that a new contract has been made and the well will go to 3000 feet.

Sheerin-McCamey-Lucey are drilling at 2165 feet in the well on section 60, block 4, and intend to carry the well to the 2300-foot pay.

Mac-Stanthorn is running 6-inch casing on section 9, block 17, in an attempt to shut off a water sand at that depth. It is understood that they expect to pick up the 1800-foot pay.

McKenna is fishing for a string of 34-inch at 1300 feet in section 31, block 4.

Electra-Texas is running a string of 6-inch at 1500 feet in No. 2, located on section 42, block 4.

Key-Levy is cleaning out at 1610 feet in No. 2 located on section 53, block 4.

Landrieth Production company has made locations for two new wells. One is 300 feet south of the Dyson well, located in section 45, block 4. The other is 600 feet west of the Dyson located in the same section.

Hoffer Oil company's hole on section 43, block 4 is flooding with water. The well will go deeper, it is understood.

Magnolia's deep test on section 59, block 4, is drilling at 2470 feet.

Durham has a water sand at 1320 on section 1, block 17.

Consolidated on section 2, block 4, is fishing for standard tools at 1252 feet.

Bentley in section 47, block 4, is drilling at 2680 feet after passing up a good showing near 23000 feet.

Whitcomb Oil company is reaming 3-inch in the wildcat that struck a good showing early last week in section 8, block 17. The well has a sand at 1395 feet. The well in section 9, block 4, is reaming 10-inch at 1235. The wildcat in section 23, block 2, is shut down while waiting for pipes at 1810 feet.

Connor-Croft have a water sand in the wildcat on section 48, block 2, at 2275-2297 feet.

## "Adventure" and "Hollywood" To Be Shown at Vernon

"Inez From Hollywood," First National's new picture at the Vernon Theater, Wednesday and Thursday, adjacent studios during the filming of

presents a veritable galaxy of film celebrities in its cast. Included are Anna Q. Nilsson, Lewis Stone, Antonio Moreno, Wallace Beery, Lloyd Hughes, Ben Lyon and Ford Sterling, not to mention pretty Mary Astor.

Not all of them, however, work throughout the picture. It happened that Beery, Moreno, Hughes, Lyon and Sterling all were working in adjacent studios during the filming of

"Inez." There was a scene in which Anna Q. in the role of a motion picture vampire, was shown at lunch in her studio, and so the five were commended to act with her.

All things considered, it was perhaps the cheapest scene ever made, for they appeared for the price of their lunch.

Anna Q. and Stone are co-featured in "Inez From Hollywood," with Mary Astor in the ingenue role.

When Pauline Starke retires from motion pictures, she has determined to play in real life the role she portrays. In "Adventure," coming for two days Friday and Saturday to the Vernon Theater, the new Victor Fleming Paramount melodrama, based on Jack London's widely read novel of the same name.

In this photoplay, Miss Starke is cast as a woman soldier of fortune, a female adventurer in search of excitement. In the course of her travels, she visits one of the cannibal islands of the South Seas, where she meets Tom Moore, the owner of a sperm plantation, with whom she enters into a business partnership.

A life-long ambition—thus far unfulfilled—to travel and visit strange, out-of-the-way and little known corners of the earth, is at the bottom of Miss Starke's expressed desire to follow in the footsteps of the screen heroine in "Adventure."

### YOU MAY HAVE PELLAGRA!

## Pictorium Is Showing Strong Bill This Week

"Troubles of a Bride" is the screen attraction for Thursday and Friday at the Pictorium.

The story concerns Mildred Patterson, daughter of a wealthy banker, who is all set to marry Robert Wallace, a young engineer, until Gordon Blake, played by Alan Hale, appears on the scene. Hale, that prince of screen villains, comes primarily to get a cache of important money, but once he gets a look at the prospective bride, he decides to add her to the loot.

Mildred is kidnapped and then the chase begins. A mad automobile race, a running fight, a wreck, a train holdup and then the heroine, alone on a runaway engine, is rushing headlong toward an open drawbridge and her watery doom. The suspense is terrific and then just then—But, why spoil everything? You must see it to appreciate it.

Wednesday William Steiner presents Neal Hart in "The Valley of Vanishing Men," an action romance of the Desert Hills in 5 parts.

Today is the last showing of "The Mansion of Aching Hearts," adapted from the famous ballad by Harry Von Tilzer and Arthur J. Lamb. The picture besides proving one of the most entertaining seen thus far this season serves also to bring back to the screen a luminary, whose light as a star did not dim despite an absence from pictures for several years. In "The Mansion of Aching Hearts" Ethel Clayton comes back with her old verve and her old artistry to charm and delight once more those thousands of admirers of hers, who missed her so during her absence.

## Castleberry Wins Over Young Rich in Running Fight

Chiff Castleberry, local padded mitt artist, won a technical knockout over Clyde Barrett of Wichita Falls in the semi-final event of Saturday night's boxing card at the local arena. It was a running match throughout. Castleberry had con-

siderable difficulty in catching his man long enough to deliver a telling blow.

The local boxer knocked his opponent part way through the ropes several times, and Barrett sustained a sprained ankle when he was knocked through the ropes in the fourth round. His manager threw in the sponge at the count of six.

Ted Key showed up well in his four-round preliminary with Young Rich, fighting to a draw. The boys mixed it every minute of the time they were on the floor.

In one of the most amusing bouts of the year, Battling Hilburn sent Knock-Out Bell down for the count early in the first round. Hilburn swung at Knock-Out's stomach, and Knock-Out swung at the floor, taking the full count.

Mrs. S. T. Reeder has as her guest this week her sister, Mrs. Minnie Graham of Gainesville.

# 2000 Beautiful Campsites On the Shoreline of Wichita Irrigation Reservoir Now Open to the Public

## Cara Blanca Park, the Ideal Spot for Your Summer Camp

**\$25 per Year Leases a Campsite---1 year to 10 Year Leases**

**Conveniently Located on the 550,000 Acre W. T. Waggoner Estate in Baylor County. Choice Sites Now Available, 100 Foot Front or Any Size Desired**

Thousands of dollars will be spent by the W. T. Waggoner Estate to make Cara Blanca Park the finest resort in the state of Texas. A four strand fence, ranging one-half of a mile to three miles back from the high water line of the reservoir is being constructed with entrances to the park opening on every road. Roads will be built inside the park grounds and a goodly portion of the shore line has been platted to accommodate citizens of this section desirous of a beautiful, medium priced summer camp in Texas.

More than two thousand of these sites are now available in any size tracts desired. Situated only a few hours drive from Wichita Falls, Vernon, Electra, Burkburnett, Iowa Park, Seymour, and other cities of this section. It offers the citizenship an opportunity of selecting their plats first and rising on the increased tide of values.

### TREES WILL BE PLANTED, ROADS BUILT A BEAUTIFUL RESORT

Nothing will be left undone to make Cara Blanca Park a pleasure resort that north Texas may well be proud of, a playground soon to be noted for its fine fishing and out-of-door sports. Trees will be planted, good roads will be built throughout the grounds, hotels, private clubs, golf courses and other features are expected to follow.

### SELECT YOUR SITE NOW WHILE CHOICE SITES ARE AVAILABLE

You'll want a summer home in Cara Blanca Park, a place to take the family for a week-end recreation, where the kiddies can romp and play to their heart's desire, where good wholesome fun may be enjoyed always. Make arrangements now to own one of these campsites; select it while you have practically unrestricted choice of the entire park.

No sites will be sold outright. Leases may be obtained for one to ten year periods at a flat rate of \$25.00 per acre, regardless of the location. Any amount of space desired is available at additional cost, the customary site being a 100 foot frontage on the shoreline. While only a part of the park has been platted at this time, sites are available anywhere in the park grounds. All camps and buildings erected on the grounds are the property of the lessees and can be removed at any time or at the termination of lease. Privilege of renewal of lease will also be granted.

## Free Camping Parks for Municipalities of This Section

Three Free Parks have been set aside within the grounds for the citizens of this community. Wichita Place, Vernon Place and Seymour Place will be among the attractive communities of the park. There will be no camping charges and no admission charged to enter them.

**For Further Information, Write, Wire or Phone**

**R. L. MORE, Vernon, Texas**

Fair and square dealing will go with every lease at Cara Blanca Park. It is the intention of the W. T. Waggoner Estate to give northwest Texas a far-famed playground and it is to defray a part of the necessary expense of development and to keep check on the grounds that the small admission fee of \$1.00 and low price of campsites is being charged.

### YOUR PROPERTY WILL BE PROTECTED BY PARK AUTHORITIES

Arrangement has been made for caretakers to look after the properties of Camp owners. They will patrol the park daily and will take personal interest in seeing that no vandalism is permitted, no obscene conduct tolerated and no lawlessness allowed. We intend to make it a park where you can bring your children and friends without fear of having the vacation spoiled by ruffians.

Year after year, as improvements are added, campsites at Cara Blanca Park will increase in value. Here is your opportunity to acquire a long time lease at a low figure, to build for yourself a summer home, near home, yet free from the cares and worries of city life.

We reserve the right to return any and all applications and money therewith, and will not be bound by any other than the lease duly executed.

## TO OBSERVE TRUCK WEEK

LOCAL FORD DEALERS WILL  
DEMONSTRATE VARIOUS  
NEW BODY DESIGNS.

The coming week has been designated as National Ford Truck week and Napier Bros. Motor Company, local authorized dealers, have arranged for a complete showing of Ford built truck bodies.

Entrance of the Ford Motor Company into the manufacture of commercial bodies indicates a new and important advancement in this division of motor transportation since it shows that Ford is bringing into delivery and hauling services the same low cost and high value that has made the Ford passenger car the most popular in the world. The Ford truck chassis has long held the lead among light commercial vehicles and at present approximately 75 per cent of the one-ton trucks in use are Fords.

The business man or farmer who is interested in reducing hauling costs will have the opportunity this week of becoming fully acquainted with these Ford built truck bodies.

Arrangements have been made by Napier Bros. Motor Company to keep show rooms open every evening during the week so that all may have an opportunity of inspecting the trucks and as an opening feature a truck parade will be held through the business streets Monday afternoon, July 13, beginning at 3 o'clock.

More important, however, the local dealers will be prepared to give demonstrations of any of these units and those interested are invited to enter their requests for the demonstration as early as possible.

The Ford-built body combinations for the famous Ford one-ton truck chassis include the open express type, the express type with either screen sides and canopy top or with top alone, and the stake and platform body. This latter body also is of particular interest to the farmer and truck gardener. It is adaptable to every agricultural handling requirement as it may be used with either grain or cattle sides. With stakes it provides unusual space for carting garden produce.

A closed cab, adaptable for use with any of these bodies, also is provided and has grown greatly in popularity since its introduction. It is of all-steel construction, roomy, with removable panels in the back and affords complete protection for the driver in inclement weather, with ample ventilating facilities.

The displays also will include the new pick-up body, which is mounted on the rear of the Ford runabout, providing a light delivery car which meets a variety of requirements where quick delivery is an important factor.

### Visits In East Texas.

Mr. and Mrs. T. A. Key returned Sunday night from Pottsboro and McKinney, where Mrs. Key has been for three weeks visiting relatives. Mr. Key spent the Fourth there and they drove through.

Evans Mason of Florida is here for a visit with his parents, Mayor and Mrs. Harry Mason.

Boone Stephens of Wichita Falls visited relatives here during the past week.

Mr. and Mrs. E. H. Pigg and family, have returned from a trip to Mineral Wells.

Mr. and Mrs. C. W. Oliver, Mr. and Mrs. Manor Cabe, and Mrs. Jack Thompson, left this morning to be at the bedside of the ladies' father, F. H. Alley, who is seriously ill at his home in Roff, Okla.

Mrs. Y. H. Babasin and son, Harry, have returned from Dallas where they have been visiting her aunt, Mrs. M. T. Young, who has been quite ill. Mrs. Young is recovering nicely and will arrive in Vernon for a visit with Mrs. Babasin, Friday.

## IN SPITE OF ACCIDENT MR. SINK RETURNS HERE

D. P. Sink and son, Paul Sink, arrived Friday noon from Los Angeles, making the long trip by automobile in six and one-half days. They are former citizens of Vernon and are here on business and visiting relatives and friends. The elder Mr. Sink, accompanied by his son, Paul, and wife, started to Texas from California last November. Seven hundred miles out of Los Angeles, he was badly injured in an automobile accident and returned to his home. After the accident, he made the journey in an express car that was loaded with live turkeys for the Thanksgiving market in Los Angeles. There was just room enough for his cot and a place for the train men to walk. He is still a little lame but otherwise seems to be suffering no ill effects from his accident.

Mr. Sink owns property here and was the pioneer photographer of Vernon.

## AUGUST 1 NEW DATE FOR CLOSING COTTON CONTEST

Farmers may enter the "More Cotton on Fewer Acres Contest" until August 1, according to an announcement received this morning from state officials by P. D. Chaney, local county agent. It was originally planned to close the contest July 1, but the officials decided that matters could be handled almost as easily by allowing the farmers to enter at the later date.

### Card of Thanks.

We wish to thank the people for their kindness shown us during the illness and death of our little son and grandson, and especially for the beautiful flowers. May God bless you all in our prayer.  
MRS. ROBERT BARRITT,  
MR. AND MRS. F. A. WILLOUGHBY.

### To Entertain W. C. T. U.

Mrs. Rena M. Watts, president of the local union, W. C. T. U., will entertain the members and other guests at her home Thursday afternoon at 3:30 o'clock. At that time a reception will be held for fifteen new members who joined while Mrs. Claude DeVan Watts, state president, was here last month.

Dr. R. W. Hix returned Sunday from an extended stay in Mineral Wells.

A. C. Nicholson and family of Dallas, were guests of Mr. and Mrs. J. T. Glover, for the Fourth.

Mrs. J. P. Hamilton and grand daughter, Miss Ruth Tolbert, of Odell, are visiting Mrs. Hamilton's daughter's Mrs. J. B. Ross and Mrs. J. H. Pettit.

Mr. and Mrs. W. B. Howell and three sons left Friday afternoon by automobile for Terrell, where they will visit with Mrs. Howell's father for several days.

R. L. Castlebury returned Monday from Boulder, Colo., where he has been for a visit with his son, Brown, and daughter, Miss Ellen, who are attending the University of Colorado.

Mr. and Mrs. Sebe Perry of Lockney were guests last week of his cousin, Mrs. J. E. Collins, and family. They had been visiting in East Texas and were en route home.

Mrs. D. P. Sink, Jr., of Los Angeles, Calif., left the latter part of the past week for Fort Worth to visit relatives for a few days after visiting in Vernon with her sister, Mrs. W. M. McCaleb. Mrs. Sink will stop here again before returning to her home.

## Spent Fourth at Quail.

Mr. and Mrs. Olen Turner spent the Fourth with Mr. and Mrs. W. C. Starr at Quail. They went fishing in Lake Lorene in Wheeler county. The lake source is an artesian well, which was drilled by a company in search for oil. The overflow from the well runs into a natural basin formed by the sand hills and is a beautiful body of water. Mr. and Mrs. Turner ran into a good rain between Kirkland and Goodlett. Crops are looking good in that section of the state but not so good as they are in this county, Mr. Turner stated.

Roster Brooks of Dallas is here for a visit with his parents, Mr. and Mrs. R. R. Brooks.

I will be out of the city during July and August. Any one wanting fruit will see George Kelley on place or phone 690. A. F. Hope. 53-1tp

J. M. Lottrell of Harrold was here on business today. He stated that crops were looking good around Harrold, but were beginning to need rain.

## LAST CALL FOR TRAINING CAMPS AT OKLAHOMA CITY

There are still a few vacancies for the Fort Sam Houston C. M. T. Camp which opens on July 28th.

San Antonio is conducting an extensive campaign to fill these remaining vacancies. It is therefore necessary that any young men desiring to attend should send in their applications without delay.

Twenty-six business firms of San Antonio have notified their employees that they could have their thirty days vacation with full pay provided they desired to attend the C. M. T. C. Business concerns of other cities are making the same proposition.

No applications received after July 20th will be considered.

## CARPENTER AND MARVIN FIGHT HARD TO DRAW

**Marvin's Superior Ring Knowledge Gives Him the Advantage Although Carpenter Is Most Aggressive Throughout Bout.**

Mocco Carpenter, Wichita Falls, favorite of the light heavy-weight class, was forced to be content with a draw in his bout with Tommy Marvin of New Orleans in the local arena Saturday night. The bout was the best staged in the local arena this year. For ten grueling rounds, the two boxers stood toe to toe and slugged mercilessly.

A large crowd witnessed Saturday night's affair and plainly showed their appreciation of the program. A larger number of ladies witnessed this fight than ever before, and seemed to enjoy every minute of the program.

Carpenter, while undoubtedly the most promising fighter because of his aggressiveness and hard right, could do little with his more experienced opponent. At every phase of the bout, Marvin,

former sparring partner of Jack Dempsey, showed his superior ring knowledge.

Those who witnessed the bout Saturday night can not doubt that Marvin has been in the ring with Dempsey several times. The veteran fighter uses the rabbit and kidney punches in a way that rivals the famous champion. These two punches and an occasional hard swing to the solar plexus were practically all that Marvin used.

It was not on the offensive but on the defensive that the veteran ring fighter displayed his experience. Mocco could never send his smashing right home through his opponent's guard. Occasionally the right would go through the guard on its way to the jaw only to be side-stepped or knocked off by a quick jerk of the head, causing the blow to land harmlessly above the eyes.

Marvin did practically all of his fighting while in the clinches, punching his opponent's body mercilessly while clamping him. In this manner he landed a larger number of blows than did Carpenter, although the Wichita Falls glove-slinger went home with more long-range blows. Marvin took the early part of the fight with his telling body blows, but Carpenter's aggressiveness in the later rounds won him a draw.

Carpenter is undoubtedly a coming fighter, but it would be almost impossible for him, or any other amateur, to hang a kyo on the jaw of a veteran boxer such as Marvin is.

Marvin weighed in with a ten-pound advantage over his opponent, tipping the scales at 182 as compared to Carpenter's 172. However, Carpenter had the height and reach over his stocky opponent.

## SCOUTS TO GO TO INDIAN FAIR

**BAND WILL FURNISH MUSIC  
FOR CELEBRATION IN  
CRATERVILLE.**

The Wilbarger County Boy Scouts will return to Craterville Park, Okla., for a short stay during August, states Scout Master G. L. Taylor. The local Boy Scout band will play for the Indian Fair to be held there August 27-29, and it is thought that the entire local troop will accompany the band.

The local boys are enthusiastic in regard to the return trip. All reported a wonderful trip after returning from the annual encampment recently spent at Craterville.

There has been much confusion among local citizens about the date of the Indian fair this year. Some seem to think that the July Fourth celebration which was held there was to take the place of the fair. However, the fair will be held as usual on August 27-29.

Much interesting information in regard to the fair is given in the

covenant between Frank Rush, who is in charge of the park, and the Indians which was recently given out to the newspapers. The covenant follows:

This covenant, made and entered into by Frank Rush of Craterville Park, Comanche County, Oklahoma, party of the first part and the Indians whose names are hereto subscribed, parties of the second part. Witnesseth: Whereas, it has become necessary for the American Indians to take steps for the advancement and uplift of their people, and especially teach their children the value of building character and becoming self supporting, this covenant is entered into as a means towards that end. Therefore the parties hereto covenant and agree among themselves as follows:

There shall be annually at Craterville Park an agricultural Indian Fair.

The object of this fair will be to create self confidence and to encourage leadership by the Indian for his people, a belief in the capacity of the Indian to better his position and to take his place on terms of equality with other races in the competitive pursuits of every day life, and a desire to accomplish the most possible for himself and his people.

All officers, directors, judges and exhibitors at the aforesaid fair must be Indians and all said officers, di-

rectors and judges must be elected by the Indians themselves.

In testimony whereof we have hereto set our hands, this the 24th day of May, 1924.

Mr. Rush has provided a fair ground for the Indians without cost to them, which can not be excelled for scenic beauty and convenience anywhere. In doing this he has undertaken to do something for the Indian that no other white man has ever tried to do and we should take pride in giving him every assistance possible by bringing our products and make the exhibits worth looking at. It should be remembered that all Indians are admitted to the fair grounds free and that the Indians will not have any expense except to bring their exhibits and place them on exhibition.

Frank Rush has promised a square deal for everybody and all our people should do all they can to make this Indian fair a success. No so-called 49 dance, no gambling or intoxicants will be permitted on the grounds. A well organized police force will protect the public at all times.

The Craterville Indian fair will be what the Indians make it. Its usefulness, its development, its thorough equipment and its greatest interest depend largely upon the interest the Indians themselves may take in it. However, the fertility of our soil, the great variety of our products, together with the progressive character of our people warrant the management in predicting for the Craterville Indian Fair a future of usefulness to the Indians' industrial interests.

BIG BOW, President.  
HERMAN ASENAP, Secretary.

### GET RID OF INSECTS THAT PREY UPON YOUR POULTRY

Keep on ridding the poultry houses and coops of all pests, such as, fleas, mites, lice and blue bugs that prey on both young and old chickens, says experts. So often the vigilance exercised in the spring months by the poultry keepers slackens when the hatching season is over.

Big flocks of poultry hatched off early are infested with insects and whole flocks are lost or growth retarded by the carelessness of the poultry owners. A survey of the poultry of Wilbarger county shows the mortality to be fearful, the hot days. Chickens begin to droop and die from inattention. They should have plenty of shade and water and the houses kept scrupulously clean to insure the best of results. At this time of the year the blue bug, mites and fleas are taking their toll. On farms where no trees and shrubbery grow, sun flowers or castor beans should be planted or even old cotton sacks may be utilized to make shade. Coops should be cleaned thoroughly of all droppings and turned up side down and sunned and aired. They should be sprayed every ten days with any of the good solutions on the market for that purpose.

Kerosene, crude oil and strong hot salt water are three aids that should be used in getting rid of pests.

The following description of the pests and methods of eradication were furnished by Miss Emma Gunter, Home Demonstration Agent:

Mites: These are found in the roosting places during the day and on the fowls at night. They are blood suckers and live by the blood they get from the birds. When filled with blood they are of a reddish color.

Treatment: Thoroughly disinfect the roosting places with some strong solution of some one of the many insecticides on the market. Any of the coal tar preparations are good. The results obtained will depend upon how thoroughly the houses are disinfected.

Lice: These live on the body of the fowl and can not be treated in the same way that mites are treated. They are not blood suckers but live upon the outer layer of the skin which they eat. They lay their eggs on the bird while the mite lays its eggs in the hen house.

Treatment: Dust the fowls with some good dusting powder that can be bought at most any drug store or with Sodium Fluoride. If the latter is used, place a small pinch of the powder next to the skin on the head, neck, back, under the wings, on the breast, below the vent and at the base of the tail. This is probably the most effective cure for all lice.

Stick-tight fleas: They are usually found in clusters about the head, on the wattles, comb or around the eyes. They are so called because of their sticking to one place and not moving around as do the lice. Old birds while stronger than young stock will oftentimes stop production and sometimes die as a result of real bad infestation.

Treatment: These pests brood in the cracks and crevices of the floors and in dry animal and vegetable refuse. To get rid of them it is necessary to clean up. Grease the affected parts with a mixture of 3 parts lard and 1 part kerosene. Spray the premises, yards and under the buildings with a solution of salt water.

Blue bugs: In the first stages these pests are found on the fowls, and the later stages are found almost exclusively in the cracks about the hen house. In fact there are many more in the roosting places than on the chickens. These pests are blood suckers and in badly infested places it is impossible for fowls to live.

Treatment: This pest is much harder to destroy than most known insects and pests. It is worthless

to try to eradicate them during the time they are on the birds. Hence the proper method of attack is to clean up the house and roosting places. Because of the lasting and penetrating effect of crude oil and carbolineum they possibly are the most effective disinfectants. Either of these, if thoroughly applied by spray or brush, will kill out the worst infestations. If birds are roosting all over the place compel them to roost in the hen house and then keep it thoroughly sprayed with one of the above disinfectants.

### MEMORIAL DAY RACE WINNER BUYS BUICK

Peter DePaolo, youthful winner of the Memorial Day 500-mile automobile race at Indianapolis, Ind., spent a day in Flint, Michigan, on his way to Altoona, Pa., where he will enter the 250-mile race on June 13th, and purchased a Buick car.

DePaolo's story as to why he decided to buy a Buick is a novel one. While he was preparing for the big race he gained the friendship of Bill Alexander of the Marvel Car-buretor Company, who was at the speedway in the interests of his company. Bill had a Buick fifty-five, and during the week previous to the race used it to tow the racing car from its garage to the speedway for practice spins. DePaolo took such a liking to Bill's Valve-in-Head Buick that when he won his laurels together with the \$38,000 in prize money, he decided to buy one like it.

The superstitions under which men who risk their lives often place themselves was humorously told by Alexander.

"On the last night before the 500-

mile grind, someone backed another large car up to the garage to tow the DePaolo car to the track, but Pete would have none of it. "Where is Bill and his Buick?" he asked. "I'll not allow anyone else to tow my car at this stage of the game. I don't want to be jinxed by changing tow-horses in the middle of the stream."

"Pete has a young son twenty months old and for luck he has a pair of little Tom's shoes tied to the front of this racing car."

DePaolo expressed himself as being proud of his new car.

"You see, I bought a reasonably priced car," he said, "and now people won't be going around saying I made a little money and am now squandering it."

DePaolo appeared inclined to take his honors modestly. He admitted it took a lot of courage to drive in all races of that nature and said that all drivers would agree with him.

"If there is one thing I owe my success to," he said, "it is that I am always around to oversee what goes on at all times where my car is concerned. You know you must have

### So Weak Couldn't Stand

"My wife's health broke down and for years she was just a physical wreck," says Mr. Thomas Glynn, of Gibson, La. "We did everything we knew, yet she seemed to get worse and worse. She was so weak till she couldn't stand, and had to be carried like a baby. It looked like nothing would save her that had been done."

### CARDUI For Female Troubles

"I knew that Cardui was for women. I decided to try it for her as all else had failed. She couldn't eat, she couldn't sleep, and I was desperate."

"After taking a few doses of Cardui, we were so glad to note that she wanted something to eat, and with each bit of nourishment, and each day's doses of Cardui, she grew stronger and got up out of bed. She is now able to cook, and stronger than in a long time."

### FEDERAL ROAD AID.

The recent conference of Governors developed a heated debate in the discussion of the policy of the Federal Government granting aid to the extent of fifty per cent of the cost of highways throughout the country, the states and counties contributing the other half. As usual the chief critics were from the heavily populated states in the North-east, where the bulk of the Federal taxes originate, while the defenders were from southern and western states. Such a division of sentiment is natural, if based on purely selfish grounds. We have the same sentiment to deal with in Texas. Counties with large cities in them are clamoring more and more against the idea of maintaining the state as the unit for highway construction.

But aside from these selfish considerations which should have no place in the debate upon matters of public policy, there are good reasons for continuing the policy of Federal aid on public highways. Chief among these is the fact that roads are no longer purely community affairs. Roads are a strictly national affair. Citizens of New Jersey, New York and Maryland use the roads of every other state in the union, and vice versa. The roads are common property and the value of the roads in a given community or a given state is determined very largely by whether they connect with roads in other communities or other states.

It is impossible to equalize the cost of construction. It is inevitable that certain localities will pay more taxes in the aggregate than others, due to greater wealth and greater population. But those who emphasize this fact overlook another, even more vital, and that is that New York pays heavy taxes because the whole nation does business with New York and as the prosperity of Texas increases, New York prosperity increases. The people of Dallas ought to want good roads in Wilbarger County, because their traveling salesmen travel Wilbarger highways every day and because anything that contributes to the prosperity of Wilbarger County contributes to the growth of Dallas. And no one nowadays would argue that good roads are not worth while.

But there is another reason why the Federal Government should have a vital interest in road construction and contribute to the cost. Roads are a big factor in national defense. Still another reason is that postal service is vitally affected by road conditions and such service is made the duty of the Federal Government.

The Federal Government has every reason, both from the standpoint of good public policy and self-interest to further two important branches of Federal activity—defense and postal service—to contribute to the cost of building highways. It is just as logical to argue that Vernon, for instance, should not help pay the cost of building roads outside the city limits, as it is to argue that the Federal Government

### CLARIFYING THE GOVERNOR'S RACE.

Former Lieutenant Governor T. W. Davidson has announced that he will not be a candidate for Governor in 1926. This will be welcome news to those citizens who deplore the creation of a situation in the choice for Governor, where they must choose what they regard is the lesser of two evils, such as we had in the gubernatorial campaign last year. It is pretty generally admitted that a majority of the voters of Texas wanted neither Mrs. Ferguson nor Felix Robertson for Governor, yet, under our double primary system, they had no other choice in the run-off.

If there had been only two or three aspirants for the governorship in 1924, it is pretty safe to assume that neither of the candidates in the second primary would have been the choice of the voters. Mr. Davidson was an unintentional party to the creation of this situation. Of course, he had the right to run for Governor. Any citizen has that right, but it should have been apparent that in a field of six candidates, the candidates of special groups would have a tremendous advantage over the more conservative aspirants and that therefore the more conservative candidates would be under a big handicap.

There was another Davidson in last year's race, Lynch Davidson, also a former Lieutenant Governor. If either of the Davidsons had withdrawn, the other would have almost certainly been elected, but both remained and both lost. Now Lynch Davidson has announced that he is definitely in next year's winning. provided, of course, that others do not enter the race and divide his strength at the polls.

The only remedy for the prevention of a repetition of last year's situation is a preferential primary which would enable the voters to register their first and second choices. Such a law was passed by the last Legislature, but it was fatally defective in framing and was held unconstitutional. Until we do get such a law it is to be hoped that capable and patriotic citizens will not complicate matters and insure the election of undesirable candidates. Lynch Davidson will make a good Governor and it is to be hoped that he will not be hampered in his race by the candidacies of men who stand for much the same policies as he does.

### The Mary's Lamb of Radio.

This summer marks the inauguration of real portable radio receivers. Now radio need not be left at home. The summer vacation this year to be complete and up to the minute must include radio equipment. It can be secured in a compact case which will provide endless entertainment and bring the news of the day to the mountain camp as well as to the seashore, hotel, bungalow, houseboat, canoe, yacht or automobile.

The greater factor in making the portable radio receiver a practicable possibility has been the dry cell

tubes. The WD-11, WD-12 and TV-199 types have permitted the use of as many as a half a dozen tubes in a single radio receiving set.

Dry cells of a standardized size are a universal commodity. H. T. Melhuish, of the Radio Corporation of America says, "They have so many different uses that they are found not only in the stock of the large radio shops but in the general store of the cross-roads hamlet. A few extra dry cells will insure satisfactory radio reception for months."

### Citation by Publication of Final Account.

The State of Texas—To the Sheriff of Wilbarger County, Greeting: F. A. N. O'Neal, Guardian of the Estate of Mabel & Ellen Moore, Minors, having filed in our County Court his Final Account of the condition of the Estate of said Mabel & Ellen Moore, Minors, numbered 397 on the Probate Docket of Wilbarger County, together with an application to be discharged from said Estate as Guardian.

You are hereby commanded, that by publication of this writ for twenty days in a newspaper printed in the County of Wilbarger, you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on or before the July Term, 1925, of said County Court, commencing and to be held at the Court House of said County, in the City of Vernon, on the First Monday in July, A. D. 1925, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Vernon, this 11th day of June, A. D. 1925.

J. W. BROCK, JR., Clerk, County Court, Wilbarger County.

By ALICE GIBSON, Deputy Clerk. 47-31c Tu.

### Citation by Publication.

The State of Texas—To the Sheriff or any Constable of Wilbarger County—Greeting: You are hereby commanded to summon J. S. Hamm, his unknown heirs and legal representatives by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be no newspaper published therein, but if not, then in any newspaper published in the 46th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District Court of said County, to appear at the Court House thereof, in Vernon, Texas, on the 17th day of June, A. D. 1925, in a suit, numbered on the docket of said Court as No. 3870, wherein Lon Turcott, Plaintiff, and J. S. Hamm, his unknown heirs and legal representatives are Defendants, and said petition alleging that on or about the 12th day of June, 1925, plaintiff was lawfully seized and possessed of the following lands and premises, situated in Wilbarger County, Texas, in fee simple, to-wit: The North one-half of the Southwest quarter of Block No. 74 of the South Addition to the town of Vernon, Texas; that on the day and year last aforesaid the defendants unlawfully entered upon said premises and ejected plaintiff therefrom and with-hold from him the possession thereof to his damage in the sum of \$300.00; that reasonable annual rental value of said premises is \$100.00.

Plaintiff further alleges that he, and those under whom he claims, has had peaceable, continuous, and adverse possession of the said North one-half of the Southwest quarter of Block No. 74 of the South Addition to the town of Vernon, Texas, for more than ten years prior to the filing of said suit. Plaintiff prays for judgment in terms of law and upon final hearing for judgment for the title and possession of said North one-half of the Southwest quarter of Block No. 74 of the South Addition to the town of Vernon, Texas, and for his rents, damages, and cost of suit and for general and special relief.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at my office in the City of Vernon, this 11th day of June, A. D. 1925.

U B Thrifty says

In these days of Scientific Farming it is a pretty tough soil that won't succumb to modern farming methods.

Proper seed selection—proper preparation of the soil—careful cultivation—and crop rotation all go to make a larger crop and that is what makes farming pay.

This bank wants to see every farmer in this community prosper—if we can help you, let us know.

THE VERNON RECORD, TUESDAY, JULY 7, 1925.

NUMBER 53.

## C. C. OFFICIALS TO ARRIVE IN VERNON TODAY

Presidential Party of West Texas Chamber of Commerce Will Attend Meeting of Local Business Council at Presbyterian Church.

Carrying out the schedule for the booster tour of this section of the state, the official party of the West Texas Chamber of Commerce composed of President R. Q. Lee, Manager Porter Whaley, and other officers of the organization will arrive in Vernon late this afternoon from Seymour. The official party will attend a business council organization meeting and banquet to be held at the Presbyterian church tonight at 7:45. The president and Mr. Whaley will be the chief speakers of the evening on a program prepared for the occasion.

All members of the local chamber of commerce, in addition to the sixty-two newly elected members of the business council are requested to attend, according to R. M. Fielder, secretary. In an effort to make this one of the greatest banquets ever held by the organization, Cecil Storey is to be toastmaster for the occasion.

At the meeting tonight, officers for the business council will be elected, and the organization perfected. Hubert Harrison, manager of the Wichita Falls chamber of commerce, known to Vernon business men as the man who planned and directed the recent membership campaign here, will speak on "The Purpose of the Business Council."

Accompanying the official party of the West Texas Chamber of Commerce are Mrs. Lee and Mrs. Whaley. The local Federation of women's clubs plan to entertain the ladies in the party.

The following program will be carried out tonight:

Musical—Orchestra.  
Ents.  
Purpose of the Business Council—Hubert Harrison.

Election of Chairman and Vice chairman of Council.

Address—Col. R. Q. Lee, President W. T. C. of C.

Musical—Orchestra.

Address—Porter A. Whaley, Manager W. T. C. of C.

Introducing other members of Col. Lee's party.

Adjournment.

## BROWN STARTS NEW BUILDING

LOCAL GROCER WILL HAVE MODERN STORE HOME ON NORTH MAIN STREET.

Work has been started on a building for John Brown, local grocer, to be erected at the corner of Main and Wanderers Streets, that will be occupied about September 1 by the Brown's Cash Grocery. The building is to be a modern one-story brick structure of the latest design for store buildings.

In addition to the usual features for store buildings, Mr. Brown is to have installed a cooling system for taking care of fresh vegetables and other perishable merchandise. The building will have a basement and a deck leading off the main floor for office space.

The building is being erected by Neely & Davis and will cost approximately \$10,000.

T. L. Pierce is planning the erection of a one-story building immediately south of the new Brown building, but has not closed a contract.

## VERNON PEOPLE RETURN FROM EARTHQUAKE AREA

Mr. and Mrs. Harper Reed returned Friday night from Helena, Mont., where they have been visiting their son, Uriel Reed, and family and their daughter, Mrs. E. L. Johnson of Missoula, Mont. While visiting their son, who makes his home in the mountains above Helena, they were in the earthquake. Four distinct shocks were felt and in Helena several big buildings were damaged, one window dresser in Helena thought spooks were after him when the shoes he was arranging in the window began to dance the latest steps. On emerging from the window he found chimneys off houses and other signs of a tremor. Mr. and Mrs. Reed are glad to get back to Texas.

## In the News Spotlight

Above: LEON TROTSKY & ADOLFO DE LA HUERTA. Below: O. P. VAN SWERINGEN & JOHN W. DAVIS.

Leon Trotsky, immediately after taking over his new post as head of the Soviet Concessions Committee, indicated he would encourage American investment and American industry in Russia. Adolfo de la Huerta, from exile, wrote letters to Mexican generals urging a revolt against President Calles. O. P. Van Sweringen, creator of the Nickel Plate merger plan, was bitterly assailed by counsel for dissenting groups at the Interstate Commerce Commission hearing. John W. Davis has been asked to help defend J. T. Scopes, indicted in Dayton, Tenn., for teaching evolution.

## SIX DWELLINGS STARTED HERE

SHIVE ADDITION LEADING IN BUILDING PROGRAM OF CITY AT PRESENT.

With the beginning of construction work on six new dwellings reported Monday, Vernon's building program is still on the increase. The Shive Addition has the distinction of having more dwellings under construction at present than does any other section of the city.

Frank Hood recently began construction on a five-room bungalow in the Shive Addition, and Oscar Fowler is adding a four-room bungalow to the list of houses now under construction in that section of the city.

H. E. Rogers is starting a dwelling on South Cumberland. It is to be a five-room modern bungalow with standard fixtures.

Mrs. Hattie Fuller is preparing to start construction of a four-room dwelling in the Shive Addition.

H. A. Hood is building a modern dwelling on South Stephens street. R. N. Hall is starting construction on a five-room bungalow in West Vernon Heights.

## Vernon Citizens Named for State Endowment Drive

R. M. Fielder, secretary of the Chamber of Commerce at Vernon, and former student of Baylor University, has just been named chairman for Wilbarger County of the \$1,500,000 endowment-enlargement campaign for Baylor University, Dr. T. D. Brooks, faculty director of the drive, announced today. Superintendent W. T. Lofland of the local city schools, also a prominent ex-student of the university, and other Baylor exes of Wilbarger county will co-operate with Mr. Fielder in the drive.

The local campaign is a part of a huge state campaign launched because of an offer of the general education board of New York City to give Baylor \$300,000 provided funds for the sufficient endowment and enlargement of the university can be raised, and because of a stated desire to permit an expansion and enlargement program for the university already contemplated.

Judge Griffiths III. Judge T. J. Griffiths, who has been indisposed for the past week, took a turn for the worse last night when he suffered a bad attack of heart trouble. He is some better today, but will be unable to appear at his office for a few days.

## LOCAL CHURCH TO BE REPAIRED

WORK STARTED ON METHODIST BUILDING TO CONTINUE SEVERAL WEEKS.

Extensive repairs are being made on the First Methodist Church building and it is expected that within the next few weeks the building will present the appearance of a new structure. The interior is to be redecorated throughout and all outside wood work is to be repainted.

In the past year considerable damage has been done to plastering in the interior of the building due to leaks in the roof. These have been repaired and the plastering is to be torn off and replaced where damaged and then the entire interior will be repainted and redecorated. The cost of the repairs is estimated to run from \$8,000 to \$10,000, and several weeks will elapse before the work is completed.

## Teinert Owner Now of O'Steen Dry Goods Store

A. H. Teinert announces that he has purchased the stock and fixtures of the O'Steen Dry Goods Company on Main street and has changed the name to the Teinert Dry Goods Company, and has assumed active management of the concern. Mr. Teinert is an experienced salesman, having been head of a department with Dixon Dry Goods Company for several years. Last summer he was in partnership with T. L. O'Steen in this store but later disposed of his interest in the business and returned to his old position with Dixon Dry Goods Company. Miss Esther Teinert, who has been with the Dixon company will assist her father in the business. Mr. O'Steen has not announced his plans for the future.

## NEGRO WOMAN SHOTS MAN LATE SUNDAY AFTERNOON

Henry Cooper, negro, was shot in the arm late Sunday afternoon and local officers are holding Willie May Franklin, negro, in connection with the shooting. The shooting occurred near the home of Paul Goetze at 2100 Cumberland Street, where the couple worked. The negroess claims that she shot the negro because he was beating her. She is alleged to have fired several shots at him as he ran. However only one took effect.

## AGENT ISSUES SPECIAL CALL TO LOCAL BOYS

P. D. Chaney Requests Wilbarger Club Members To Attend Annual Encampment at Fair Park Next Week—Will Meet Saturday.

Special letters were written this morning to the twenty-five members of the Boys' Clubs of Wilbarger county by County Agent P. D. Chaney, requesting the boys to make a special effort to attend the annual encampment which will begin at Fair Park next Tuesday. Mr. Chaney expressed the belief that this county would be represented 100 per cent.

As an indication of the forms of entertainment which will be offered the members, the letter requests the boys to bring bats, balls, boxing gloves, bathing suits, and other athletic goods. In addition to this club members are asked to bring toilet articles, bedding and other equipment that will be needed while in camp here.

The letter issued by Mr. Chaney especially stressed the fact that the fathers of the club boys are expected to attend the encampment this year and take part in the farmers' short course which will be offered under the supervision of special agricultural agents from the Agricultural and Mechanical College of Texas.

Mr. Chaney estimates that about 300 boys and men will attend the encampment. While at the camp the boys will be subject to certain regulations. Physicians will be provided in case of injury, and life guards will attend all swimming parties.

The local agent is enthusiastic in regard to the outcome of this year's encampment, and expresses the belief that it will be the best ever held here. Among the prominent men who will speak here are representatives of Fort Worth creameries, the Fort Worth and Denver railroad, several experiment stations over the state, and dealers in farm machinery.

## Vernon Couple Married Sunday Night in Quanah

A marriage of interest to friends of the young couple was solemnized Sunday night in Quanah when Miss Jimmie Cox of this city became the bride of T. J. Peacock, also of Vernon. The ceremony was performed by Rev. J. A. Story, pastor of the Quanah Methodist church at his home.

The bride is a daughter of Mr. and Mrs. J. A. Cox, of Vernon, and was reared here. She is a graduate of the local high school and was a student at the West Texas Teachers college. She taught last year at Boardman consolidated schools.

Mr. Peacock is a tank salesman for the M. & V. Tank company and came here from Wichita Falls to represent his company a few months ago. His home is in Altus, Oklahoma. They are at home now at 2003 Main Street.

## Streets of Vernon Are Quietest In Years While Citizens Observe Independence Day in Other Places

The streets of Vernon were quietest and more deserted last Saturday than on any July Fourth in recent years, according to old-timers. Most of the local citizens chose other cities in which to spend their holidays, and it seems that few out-of-town people chose to spend Independence Day in Vernon. The city was so deserted that it was decided not to hold the short Defense Test Day program which had been planned for 4 o'clock.

A stranger on the streets of Vernon would never have suspected that a holiday was being observed except for the closed stores. Even the kiddies seemed to be sleeping during the day. Not until late in the afternoon did any fireworks disturb the peaceful solitude that hung about the city and then only a few of the more ambitious celebrated. Scarcely anyone registered with

## SCHOOLS MADE GOOD SHOWING DURING YEAR

Superintendent's Annual Report Indicates That Average Attendance At Vernon City Schools Was Above Average Last Year.

The annual report of the Vernon public schools which Superintendent W. T. Lofland recently made to the state department of education shows that the work of the city schools during the past year has been above the average. All of the schools taught the full nine months, and the average daily attendance was far above the average.

With a total enrollment of 1735, the average daily attendance was 1359. This is much better than the average made by the rural schools of the county which was recently published. Out of a total enrollment of 3019, the average daily attendance was 1767.

The cost of instruction per pupil in the city schools was slightly less than that of the rural schools of the county. In the Vernon schools, a little over forty dollars were spent on each pupil, as compared to \$42.17 spent on the students of the country schools. The cost of instruction per pupil in the colored school of Vernon was \$11.41. This school had a total enrollment of sixty-two.

The average annual salary paid the men teachers of the Vernon schools during the past year was \$1787.47, and that paid the women of the schools was \$1059.73. In all, forty-nine teachers were employed.

Arithmetic was the most popular subject among the students with 1349 enrolled in that subject. In the country school, spelling was the most popular subject, as shown by Superintendent L. A. Hoilar's report. Drawing ranked second in popularity in the city schools with 1335 enrolled.

## Local Post Office Receipts Increase During Past Year

Receipts at the local postoffice for the fiscal year ending June 30 exceeded those of the preceding year by almost \$5000, according to recent statement issued. Total receipts for the fiscal year ending June 30 were \$33,201.21, while the total receipts for the preceding year were only \$28,795.81.

Quarterly statements show that the receipts for only one quarter were less than those of the same quarter of the preceding year. The receipts for the quarter ending September 30, 1924, totaled \$6,152.85, while those of the same quarter of the preceding year totaled \$6,848.88. Receipts for the quarter ending December 31, 1924, totaled \$10,316.51, while those at the same quarter of the preceding year totaled only \$8,075.37. Receipts for the quarter ending March 31, 1925, totaled \$8,465.09, and those of the same quarter of the preceding year totaled \$7,065.41. Receipts for the quarter just closed totaled \$8,326.76 as compared to \$6,206.15 for the final quarter of the preceding year.

## Material for Red River Toll Bridge Arrives in Vernon

Three car loads of bridge timbers for the toll bridge to be constructed across Red River between here and Frederick, Okla., arrived in Vernon today of the week-end, and construction on the bridge will start soon, according to John Nabers, county engineer.

With the construction of this bridge, the final link of the Lee Highway stretching from coast to coast will be completed and passable.

Local officers report that the days were the quietest holiday with them that has been experienced in some time. Only a few were arrested on whiskey charges, and no other arrests of any sort were made.

Physicians report that no accident cases were reported during the day. Reports indicate that most of the local citizens spent the holiday at Electric, Medicine Park, and Lake Kemp.

## Spotlight of the News

Above: PRINCESS HERMINE & PRINCE OF WALES. Below: BENITO MUSSOLINI & GOVERNOR SILZER.

Princess Hermine has left the Kaiser, according to reports. The Prince of Wales placed a wreath on the monument of Paul Kruger, the "Oom Paul" of the Boer War, at Pretoria, South Africa. Premier Mussolini obtained absolute rule with the passage of press gag laws and other drastic new legislation. Gov. Silzer, of New Jersey, in a speech before the Steuben Society at Carlstadt, recalled poignantly the days when beer was sold legally.

## LEGION PLANS LOCAL DRIVE

VERNON POST WILL HAVE CAMPAIGN TO RAISE QUOTA OF ORPHAN FUND.

In an effort to raise Vernon's quota of the \$5,000,000 fund to be raised for war orphans, the Albert E. Robinson Post of the American Legion will have a short campaign among the Vernon business men, according to Leon H. Brown, secretary. Vernon's quota has been set at \$1450, which is a very small amount for a city of this size, Mr. Brown states.

Chillicothe, Wichita and practically all of the cities near by have already raised their amount during the state campaign which was waged a few weeks ago. Vernon did not take part in this campaign because a membership drive for the local chamber of commerce was being waged at the time.

Local officials of the American Legion are working out the plans for the drive now, and it is thought that the drive will start in about two weeks. It is planned to hold a large banquet for the business men of the city as the initial movement in the drive.

## MEMPHIS PHYSICIAN HURT AT LAKE KEMP

Dr. Truman Lewis, prominent physician of Memphis, and president of the Rotary club of that city, is here in a hospital for treatment following a slight accident at Lake Kemp, Sunday. The physician and a friend finding their automobile was out of commission, telephoned for a service car to bring them here. On their return to Vernon, a rough place in the road resulted in Dr. Lewis being thrown to the top of the car where his neck and head were injured. He expects to be dismissed from the hospital soon.

## LOCAL ELECTRIC PLANT IS SOLD

MORRISON & McCALL DISPOSE OF ENTIRE HOLDINGS IN UTILITIES FIELD.

Announcement was made yesterday of the sale of the common stock in the Central Power & Light Company, more commonly known as the Morrison & McCall properties, owners of the local electric and ice plant, operated under the firm name of the Vernon Electric and Ice Company, to the Middle West Utilities Company of Chicago. The sale transferred all properties of the Morrison & McCall interests, including the Vernon plant.

This deal means the retirement of Messrs. Morrison and McCall from the public utilities business, although it is stated that the partnership will not be dissolved, it being continued for the management and operation of other properties, outside the public utilities field.

R. H. Smith, manager of the Vernon business, was notified yesterday of the sale of the properties. A letter from R. W. Morrison of San Antonio, who is senior member of the firm and actively in charge of the business in Texas and the South-west, made the announcement. Substantial bonus checks were sent for distribution among all employees of the company here.

So far as is known there will be no change in the policy or management of the local property. Mr. Smith will continue in charge locally and will maintain his present organization.

## FATHER AND FOUR SONS EN ROUTE TO OLD HOME

J. R. Ross and sons, Hardin A. of Odell, and Alex. S., Charles P. and J. Baxter of Vernon left this morning by automobile for a visit to their old home in Georgia. This is the first visit they have all made to their native state since Mr. Ross and his family arrived here in 1889 to make their home. They go directly from Vernon to Acworth, Ga., by way of Dixie highway crossing the Mississippi at Vicksburg. They will be joined there by Mr. Ross' nephew, Fred Rainey, and wife, of Greenville, South Carolina. Later they will visit relatives in Atlanta and Chattanooga and will return to Vernon about August 1.

## HUMBLE GETS NEW SAND IN GULF SECTION

1300-Foot Level Is Extended Two and a Half Miles By Completion of Producer From That Level on Section 50—Others Nearing Sand.

The 1300-foot pay was added to the Gulf pool during the week-end by the completion of Humble Oil and Refining Company's No. 1 D. Wagoner, located in the southeast corner of Humble's forty-acre lease in section 50, block 14. The well is making about 100 barrels from a sand topped at 1300 feet. It was drilled nine feet in the sand, and oil rose to a considerable depth in the hole.

This is the first well brought in from the 1300-foot pay in this section of the fields, and it extends that horizon about two and a half miles, the closest wells producing from that depth being in the South Vernon field. This sand showed salt water in the Gulf well which brought in the field a short time ago from the sand at 1700 feet.

Bridwell-Heydrick is running 6-inch casing to shut off a water sand at 1980 feet on section 52, block 14. The well will be carried to the 2300-foot horizon in an effort to pick up the big producer level.

Vanhandle Oil company has completed its contract in the northern part of the county by drilling the well in section 49, block 12 to the 2400-foot depth. It is understood that a new contract has been made and the well will go to 3000 feet.

Sheerin-McCamey-Lucey are drilling at 2165 feet in the well on section 60, block 4, and intend to carry the well to the 2300-foot pay.

Muer-Stanforth is running 6-inch casing on section 9, block 17, in an attempt to shut off a water sand at that depth. It is understood that they expect to pick up the 1800-foot pay.

McKenna is fishing for a string of 34-inch at 1300 feet in section 31, block 4.

Electra-Texas is running a string of 6-inch at 1500 feet in No. 2, located on section 42, block 4.

Key-Levy is cleaning out at 1610 feet in No. 2 located on section 53, block 4.

Lundreth Production company has made locations for two new wells. One is 300 feet south of the Dyson well, located in section 45, block 4. The other is 600 feet west of the Dyson located in the same section.

Hoffer Oil company's hole on section 45, block 4 is flooding with water. The well will go deeper, it is understood.

Magnolia's deep test on section 59, block 4, is drilling at 2470 feet.

Durham has a water sand at 1320 on section 1, block 17.

Consolidated on section 2, block 4, is fishing for standard tools at 1252 feet.

Beatty in section 47, block 4, is drilling at 2680 feet after passing up a good showing near 2300 feet.

Whitely Oil company is reaming 3-inch in the wildcat that struck a good showing early last week in section 8, block 17. The well has a sand at 1305 feet. The well in section 9, block 4, is reaming 10-inch at 1235. The wildcat in section 23, block 2, is shut down while waiting for pipes at 1810 feet.

Conner-Croft have a water sand in the wildcat on section 48, block 2, at 2275-2297 feet.

## Dixie Fiddlers To Play.

Dr. and Mrs. A. P. Howard, Mr. and Mrs. S. J. Lynch, and Louis Franklin left today for Denton, Gainesville and Fort Worth. Dr. Howard and Mr. Franklin will join the other Dixie Fiddlers tonight in Gainesville, where they will play. They will return the latter part of the week.

## To Return To Dallas.

Mr. and Mrs. W. H. Huggins are returning to Dallas Thursday where they go for surgical treatment for Mr. Huggins' arm which was badly broken in an automobile accident last fall. Mr. Huggins has been in Dallas for treatment several times and it has become necessary to have operations performed but this time it is thought it will not be necessary.

## To Visit In Denver.

Mr. and Mrs. Boyd McClendon and granddaughter, Mary Louise Pilgreen, accompanied by their son, Roy B. McClendon, of Camden, Ark., left today for Denver and Colorado Springs where they will spend several weeks visiting relatives. Mary Louise, who has been here for a visit with her grand parents for several months is returning home.

## "Adventure" and "Hollywood" To Be Shown at Vernon

presents a veritable galaxy of film celebrities in its cast. Included are Anna Q. Nilsson, Lewis Stone, Antonio Moreno, Wallace Beery, Lloyd Hughes, Ben Lyon and Ford Sterling, not to mention pretty Mary Astor.

Not all of them, however, work throughout the picture. It happened that Beery, Moreno, Hughes, Lyon and Sterling all were working in adjacent studios during the filming of

"Huey." There was a scene in which Anna Q. in the role of a motion picture vampire, was shown at lunch in her studio, and so the five were commandeered to act with her.

All things considered, it was perhaps the cheapest scene ever made, for they appeared for the price of their lunch.

Anna Q. and Stone are co-featured in "Inez From Hollywood," with Mary Astor in the ingenue role.

When Pauline Starke retires from motion pictures, she has determined to play in real life the role she portrays in "Adventure," coming for two days Friday and Saturday to the Vernon Theater, the new Victor Fleming Paramount melodrama, based on Jack London's widely read novel of the same name.

In this photoplay, Miss Starke is cast as a woman soldier of fortune, a female adventurer in search of excitement. In the course of her travels, she visits one of the cannibal islands of the South Seas, where she meets Tom Moore, the owner of a sugar plantation, with whom she enters into a business partnership.

A life-long ambition—thus far unfulfilled—to travel and visit strange out-of-the-way and little known corners of the earth, is at the bottom of Miss Starke's expressed desire to follow in the footsteps of the screen heroine in "Adventure."

### YOU MAY HAVE PELLAGRA!

If you have nervousness, stomach trouble, despondency, constipation, brown or rough skin, tingling sensations, smothering spells, diarrhoea, loss of sleep, loss of weight, dizziness or swimming in the head, general weakness with loss of energy, YOU MAY HAVE PELLAGRA. You do not have all these symptoms in the beginning. My free booklet, "The Story of Pellagra," will explain. My treatment differs from all others and is endorsed by a State Health Department, physicians, and over 2000 treatments sold in last 12 months. Diagnosis FREE. W. C. BOYNTREE, M. ## Pictorium Is Showing Strong Bill This Week

"Troubles of a Bride" is the screen attraction for Thursday and Friday at the Pictorium.

The story concerns Mildred Patterson, daughter of a wealthy banker, who is all set to marry Robert Wallace, a young engineer, until Gordon Blake, played by Alan Hale, appears on the scene. Hale, that prince of screen villains, comes primarily to get a cache of important money, but once he gets a look at the prospective bride, he decides to add her to the loot.

Mildred is kidnapped and then the chase begins. A mad automobile race, a running fight, a wreck, a train holdup and then the heroine, alone on a runaway engine, is rushing headlong toward an open drawbridge and her watery doom. The suspense is terrific and then just then—But, why spoil everything? You must see it to appreciate it.

Wednesday William Steiner presents Neal Hart in "The Valley of Vanishing Men," an action romance of the Desert Hills in 5 parts.

Today is the last showing of "The Mansion of Aching Hearts," adapted from the famous ballad by Harry Von Tilzer and Arthur J. Lamb. The picture besides proving one of the most entertaining seen thus far this season serves also to bring back to the screen a luminary, whose light as a star did not dim despite an absence from pictures for several years. In "The Mansion of Aching Hearts" Ethel Clayton comes back with her old verve and her old artistry to charm and delight once more these thousands of admirers of hers, who missed her so during her absence.

## Castleberry Wins Over Young Rich in Running Fight

Chief Castleberry, local padded mitt artist, won a technical knock-out over Clyde Barrett of Wichita Falls in the semi-final event of Saturday night's boxing card at the local arena. It was a running match throughout. Castleberry had con-

siderable difficulty in catching his man long enough to deliver a telling blow.

The local boxer knocked his opponent part way through the ropes several times, and Barrett sustained a sprained ankle when he was knocked through the ropes in the fourth round. His manager threw in the sponge at the count of six.

Ted Key showed up well in his four-round preliminary with Young Rich, fighting to a draw. The boys mixed it every minute of the time they were on the floor.

In one of the most amusing bouts of the year, Battling Hilburn sent Knock-Out Bell down for the count early in the first round. Hilburn swung at Knock-Out's stomach, and Knock-Out swung at the floor, taking the full count.

Mrs. S. T. Reeder has as her guest this week her sister, Mrs. Minnie Graham of Gainesville.

# 2000 Beautiful Campsites On the Shoreline of Wichita Irrigation Reservoir Now Open to the Public

## Cara Blanca Park, the Ideal Spot for Your Summer Camp

**\$25 per Year Leases a Campsite---1 year to 10 Year Leases**

**Conveniently Located on the 550,000 Acre W. T. Waggoner Estate in Baylor County. Choice Sites Now Available, 100 Foot Front or Any Size Desired**

Thousands of dollars will be spent by the W. T. Waggoner Estate to make Cara Blanca Park the finest resort in the state of Texas. A four strand fence, ranging one-half of a mile to three miles back from the high water line of the reservoir is being constructed with entrances to the park opening on every road. Roads will be built inside the park grounds and a goodly portion of the shore line has been platted to accommodate citizens of this section desirous of a beautiful, medium priced summer camp in Texas.

More than two thousand of these sites are now available in any size tracts desired. Situated only a few hours drive from Wichita Falls, Vernon, Electra, Burkburnett, Iowa Park, Seymour, and other cities of this section. It offers the citizenship an opportunity of selecting their plats first and rising on the increased tide of values.

### TREES WILL BE PLANTED, ROADS BUILT A BEAUTIFUL RESORT

Nothing will be left undone to make Cara Blanca Park a pleasure resort that north Texas may well be proud of, a playground soon to be noted for its fine fishing and out-of-door sports. Trees will be planted, good roads will be built throughout the grounds, hotels, private clubs, golf courses and other features are expected to follow.

### SELECT YOUR SITE NOW WHILE CHOICE SITES ARE AVAILABLE

You'll want a summer home in Cara Blanca Park, a place to take the family for a week-end recreation, where the kiddies can romp and play to their heart's desire, where good wholesome fun may be enjoyed always. Make arrangements now to own one of these campsites; select it while you have practically unrestricted choice of the entire park.

No sites will be sold outright. Leases may be obtained for one to ten year periods at a flat rate of \$25.00 per acre, regardless of the location. Any amount of space desired is available at additional cost, the customary site being a 100 foot frontage on the shoreline. While only a part of the park has been platted at this time, sites are available anywhere in the park grounds. All camps and buildings erected on the grounds are the property of the lessees and can be removed at any time or at the termination of lease. Privilege of renewal of lease will also be granted.

## Free Camping Parks for Municipalities of This Section

Three Free Parks have been set aside within the grounds for the citizens of this community. Wichita Place, Vernon Place and Seymour Place will be among the attractive communities of the park. There will be no camping charges and no admission charged to enter them.

**For Further Information, Write, Wire or Phone**

**R. L. MORE, Vernon, Texas**

Fair and square dealing will go with every lease at Cara Blanca Park. It is the intention of the W. T. Waggoner Estate to give northwest Texas a far-famed playground and it is to defray a part of the necessary expense of development and to keep check on the grounds that the small admission fee of \$1.00 and low price of campsites is being charged.

### YOUR PROPERTY WILL BE PROTECTED BY PARK AUTHORITIES

Arrangement has been made for caretakers to look after the properties of Camp owners. They will patrol the park daily and will take personal interest in seeing that no vandalism is permitted, no obscene conduct tolerated and no lawlessness allowed. We intend to make it a park where you can bring your children and friends without fear of having the vacation spoiled by ruffians.

Year after year, as improvements are added, campsites at Cara Blanca Park will increase in value. Here is your opportunity to acquire a long time lease at a low figure, to build for yourself a summer home, near home, yet free from the cares and worries of city life.

We reserve the right to return any and all applications and money therewith, and will not be bound by any other than the lease duly executed.

## TO OBSERVE TRUCK WEEK

LOCAL FORD DEALERS WILL  
DEMONSTRATE VARIOUS  
NEW BODY DESIGNS.

The coming week has been designated as National Ford Truck week and Napier Bros. Motor Company, local authorized dealers, have arranged for a complete showing of Ford built truck bodies.

Entrance of the Ford Motor Company into the manufacture of commercial bodies indicates a new and important advancement in this division of motor transportation since it shows that Ford is bringing into delivery and hauling services the same low cost and high value that has made the Ford passenger car the most popular in the world. The Ford truck chassis has long held the lead among light commercial vehicles and at present approximately 75 per cent of the one-ton trucks in use are Fords.

The business man or farmer who is interested in reducing hauling costs will have the opportunity this week of becoming fully acquainted with these Ford built truck bodies.

Arrangements have been made by Napier Bros. Motor Company to keep show rooms open every evening during the week so that all may have an opportunity of inspecting the trucks and as an opening feature a truck parade will be held through the business streets Monday afternoon, July 13, beginning at 5 o'clock.

More important, however, the local dealers will be prepared to give demonstrations of any of these units and those interested are invited to enter their requests for the demonstration as early as possible.

The Ford-built body combinations for the famous Ford one-ton truck chassis include the open express type, the express type with either screen sides and canopy top or with top alone, and the stake and platform body. This latter body also is of particular interest to the farmer and truck gardener. It is adaptable to every agricultural hauling requirement as it may be used with either grain or cattle sides. With stakes it provides unusual space for carrying garden produce.

A closed cab, adaptable for use with any of these bodies, also is provided and has grown greatly in popularity since its introduction. It is of all-steel construction, roomy, with removable panels in the back and affords complete protection for the driver in inclement weather, with ample ventilating facilities.

The displays also will include the new pick-up body, which is mounted on the rear of the Ford runabout, providing a light delivery car which meets a variety of requirements where quick delivery is an important factor.

### Visits in East Texas.

Mr. and Mrs. T. A. Key returned Sunday night from Pottsboro and McKinney, where Mrs. Key has been for three weeks visiting relatives. Mr. Key spent the Fourth there and they drove through.

Evans Mason of Floydada is here for a visit with his parents, Mayor and Mrs. Harry Mason.

Boone Stephens of Wichita Falls visited relatives here during the past week.

Mr. and Mrs. E. H. Pigg and family, have returned from a trip to Mineral Wells.

Mr. and Mrs. C. W. Oliver, Mr. and Mrs. Manor Cobe, and Mrs. Jack Thompson, left this morning to be at the bedside of the ladies' father, F. H. Ailey, who is seriously ill at his home in Roff, Okla.

Mrs. Y. H. Babasin and son, Harry, have returned from Dallas where they have been visiting her aunt, Mrs. M. T. Young, who has been quite ill. Mrs. Young is recovering nicely and will arrive in Vernon for a visit with Mrs. Babasin, Friday.

### IN SPITE OF ACCIDENT MR. SINK RETURNS HERE

D. P. Sink and son, Paul Sink, arrived Friday noon from Los Angeles, making the long trip by automobile in six and one-half days. They are former citizens of Vernon and are here on business and visiting relatives and friends. The elder Mr. Sink, accompanied by his son, Paul, and wife, started to Texas from California last November. Seven hundred miles out of Los Angeles, he was badly injured in an automobile accident and returned to his home. After the accident he made the journey in an express car that was loaded with live turkeys for the Thanksgiving market in Los Angeles. There was just room enough for his cot and a place for the train men to walk. He is still a little lame but otherwise seems to be suffering no ill effects from his accident.

Mr. Sink owns property here and was the pioneer photographer of Vernon.

**AUGUST 1 NEW DATE FOR CLOSING COTTON CONTRACT**  
Farmers may enter the "More Cotton on Fewer Acres Contest" until August 1, according to an announcement received this morning from state officials by P. D. Chaney, local county agent. It was originally planned to close the contest July 1, but the officials decided that matters could be handled almost as easily by allowing the farmers to enter at the later date.

### Card of Thanks.

We wish to thank the people for their kindness shown us during the illness and death of our little son and grandson, and especially for the beautiful flowers. May God bless you all is our prayer.

MRS. ROBERT BARRETT,  
MR. AND MRS. F. A. WILLOUGHBY.

### To Entertain W. C. T. U.

Mrs. Rena M. Watts, president of the local union, W. C. T. U., will entertain the members and other guests at her home Thursday afternoon at 3:30 o'clock. At that time a reception will be held for fifteen new members who joined while Mrs. Claude DeVan Watts, state president, was here last month.

Dr. R. W. Hix returned Sunday from an extended stay in Mineral Wells.

A. C. Nicholson and family of Dallas, were guests of Mr. and Mrs. J. T. Glover, for the Fourth.

Mrs. J. P. Hamilton and grand daughter, Miss Ruth Tolbert, of Odell, are visiting Mrs. Hamilton's daughter's Mrs. J. B. Ross and Mrs. J. H. Pettit.

Mr. and Mrs. W. B. Howell and three sons left Friday afternoon by automobile for Terrell, where they will visit with Mrs. Howell's father for several days.

R. L. Castlebury returned Monday from Boulder, Colo., where he has been for a visit with his son, Brown, and daughter, Miss Ellen, who are attending the University of Colorado.

Mr. and Mrs. Sebe Perry of Lockney were guests last week of his cousin, Mrs. J. E. Collins, and family. They had been visiting in East Texas and were en route home.

Mrs. D. P. Sink, Jr., of Los Angeles, Calif., left the latter part of the past week for Fort Worth to visit relatives for a few days after visiting in Vernon with her sister, Mrs. W. M. McCaleb. Mrs. Sink will stop here again before returning to her home.

### Spent Fourth at Quail.

Mr. and Mrs. Olen Turner spent the Fourth with Mr. and Mrs. W. C. Starr at Quail. They went fishing in Lake Lorene in Wheeler county. The lake source is an artesian well, which was drilled by a company in search for oil. The overflow from the well runs into a natural basin formed by the sand hills and is a beautiful body of water. Mr. and Mrs. Turner ran into a good rain between Kirkland and Goodlett. Crops are looking good in that section of the state but not so good as they are in this county, Mr. Turner stated.

Rester Brooks of Dallas is here for a visit with his parents, Mr. and Mrs. R. R. Brooks.

I will be out of the city during July and August. Any one wanting fruit will see George Kelley on place or phone 690. A. E. Hoge. 53-1tp

J. M. Luttrell of Harrold was here on business today. He stated that crops were looking good around Harrold, but were beginning to need rain.

### LAST CALL FOR TRAINING CAMPS AT OKLAHOMA CITY

There are still a few vacancies for the Fort Sam Houston C. M. T. Camp which opens on July 28th.

San Antonio is conducting an extensive campaign to fill these remaining vacancies. It is therefore necessary that any young men desiring to attend should send in their applications without delay.

Twenty-six business firms of San Antonio have notified their employees that they could have their thirty days vacation with full pay provided they desired to attend the C. M. T. C. Business concerns of other cities are making the same proposition.

No applications received after July 20th will be considered.

## CARPENTER AND MARVIN FIGHT HARD TO DRAW

**Marvin's Superior Ring Knowledge Gives Him the Advantage Although Carpenter Is Most Aggressive Throughout Bout.**

Mocco Carpenter, Wichita Falls, fistie favorite of the light-heavy weight class, was forced to be content with a draw in his bout with Tommy Marvin of New Orleans in the local arena Saturday night. The bout was the best staged in the local arena this year. For ten grueling rounds, the two boxers stood toe to toe and slugged mercilessly.

A large crowd witnessed Saturday night's affair and plainly showed their appreciation of the program. A larger number of ladies witnessed this fight than ever before, and seemed to enjoy every minute of the program.

Carpenter, while undoubtedly the most promising fighter because of his aggressiveness and hard right, could do little with his more experienced opponent. At every phase of the bout, Marvin,

former sparring partner of Jack Dempsey's, showed his superior ring knowledge.

Those who witnessed the bout Saturday night can not doubt that Marvin has been in the ring with Dempsey several times. The veteran fighter uses the rabbit and kidney punches in a way that rivals the famous champion. These two punches and an occasional hard swing to the solar plexus were practically all that Marvin used.

It was not on the offensive but on the defensive that the veteran ring fighter displayed his experience. Mocco could never send his smashing right home through his opponent's guard. Occasionally the right would go through the guard on its way to the jaw only to be side-stepped or knocked off by a quick jerk of the head, causing the blow to land harmlessly above the eyes.

Marvin did practically all of his fighting while in the clinches, punching his opponent's body mercilessly while clamping him. In this manner he landed a larger number of blows than did Carpenter, although the Wichita Falls glove-slinger went home with more long-range blows. Marvin took the early part of the fight with his telling body blows, but Carpenter's aggressiveness in the later rounds won him a draw.

Carpenter is undoubtedly a coming fighter, but it would be almost impossible for him, or any other amateur, to hang a kayo on the jaw of a veteran boxer such as Marvin is.

Marvin weighed in with a ten-pound advantage over his opponent, tipping the scales at 182 as compared to Carpenter's 172. However, Carpenter had the height and reach over his stocky opponent.

## SCOUTS TO GO TO INDIAN FAIR

**BAND WILL FURNISH MUSIC  
FOR CELEBRATION IN  
CRATERVILLE.**

The Wilbarger County Boy Scouts will return to Craterville Park, Okla., for a short stay during August, states Scout Master G. L. Taylor. The local Boy Scout band will play for the Indian Fair to be held there August 27-29, and it is thought that the entire local troop will accompany the band.

The local boys are enthusiastic in regard to the return trip. All reported a wonderful trip after returning from the annual encampment recently spent at Craterville.

There has been much confusion among local citizens about the date of the Indian fair this year. Some seem to think that the July Fourth celebration which was held there was to take the place of the fair. However, the fair will be held as usual on August 27-29.

Much interesting information in regard to the fair is given in the

covenant between Frank Rush, who is in charge of the park, and the Indians which was recently given out to the newspapers. The covenant follows:

This covenant, made and entered into by Frank Rush of Craterville Park, Comanche County, Oklahoma, party of the first part and the Indians whose names are hereto subscribed, parties of the second part, Witnesseth: Whereas, it has become necessary for the American Indians to take steps for the advancement and uplift of their people, and especially teach their children the value of building character and becoming self supporting, this covenant is entered into as a means towards that end. Therefore the parties hereto covenant and agree among themselves as follows:

There shall be annually at Craterville Park an agricultural Indian Fair.

The object of this fair will be to create self confidence and to encourage leadership by the Indian for his people, a belief in the capacity of the Indian to better his position and to take his place on terms of equality with other races in the competitive pursuits of every day life, and a desire to accomplish the most possible for himself and his people.

All officers, directors, judges and exhibitors at the aforesaid fair must be Indians and all said officers, di-

rectors and judges must be elected by the Indians themselves.

In testimony whereof we have hereunto set our hands, this the 24th day of May, 1924.

Mr. Rush has provided a fair ground for the Indians without cost to them, which can not be excelled for scenic beauty and convenience anywhere. In doing this he has undertaken to do something for the Indian that no other white man has ever tried to do and we should take pride in giving him every assistance possible by bringing our products and make the exhibits worth looking at. It should be remembered that all Indians are admitted to the fair grounds free and that the Indians will not have any expense except to bring their exhibits and place them on exhibition.

Frank Rush has promised a square deal for everybody and all our people should do all they can to make this Indian fair a success. No so-called 49 dances, no gambling or intoxicants will be permitted on the grounds. A well organized police force will protect the public at all times.

The Craterville Indian fair will be what the Indians make it. Its usefulness, its development, its thorough equipment and its greatness depend largely upon the interest the Indians themselves may take in it. However, the fertility of our soil, the great variety of our products, together with the progressive character of our people warrant the management in predicting for the Craterville Indian Fair a future of usefulness to the Indians' industrial interests.

RIG BOW, President.  
HERMAN ASENAP, Secretary.

### GET RID OF INSECTS THAT PREY UPON YOUR POULTRY

Keep on ridding the poultry houses and coops of all pests, such as, fleas, mites, lice and blue bugs that prey on both young and old chickens, says experts. So often the vigilance exercised in the spring months by the poultry keepers slackens when the hatching season is over.

Big flocks of poultry hatched off early are infested with insects and whole flocks are lost or growth retarded by the carelessness of the poultry owners. A survey of the poultry of Wilbarger county shows the mortality to be fearful, these hot days. Chickens begin to droop and die from inattention. They should have plenty of shade and water and the houses kept scrupulously clean to insure the best of results. At this time of the year the blue bug, mites and fleas are taking their toll. On farms where no trees and shrubbery grow, sun flowers or castor beans, should be planted or even old cotton sacks may be utilized to make shade. Coops should be cleaned thoroughly of all droppings and turned up side down and sunned and aired. They should be sprayed every ten days with any of the good solutions on the market for that purpose.

Kerosene, crude oil and strong hot salt water are three aids that should be used in getting rid of pests.

The following description of the pests and methods of eradication were furnished by Miss Emma Gunter, Home Demonstration Agent:

Mites: These are found in the roosting places during the day and on the fowls at night. They are blood suckers and live by the blood they get from the birds. When filled with blood they are of a reddish color.

Treatment: Thoroughly disinfect the roosting places with some strong solution of some one of the many insecticides on the market. Any of the coal tar preparations are good. The results obtained will depend upon how thoroughly the houses are disinfected.

Lice: These live on the body of the fowl and can not be treated in the same way that mites are treated. They are not blood suckers but live upon the outer layer of the skin which they eat. They lay their eggs on the bird while the mite lays its eggs in the hen house.

Treatment: Dust the fowls with some good dusting powder that can be bought at most any drug store or with sodium fluoride. If the latter is used, place a small pinch of the powder next to the skin on the head, neck, back, under the wings, on the breast, below the vent and at the base of the tail. This is probably the most effective cure for all lice.

Stick-tight fleas: They are usually found in clusters about the head, on the wattles, comb or around the eyes. They are so called because of their sticking to one place and not moving around as do the lice. Old birds while stronger than young stock will oftentimes stop production and sometimes die as a result of real bad infestation.

Treatment: These pests breed in the cracks and crevices of the floors and in dry animal and vegetable refuse. To get rid of them it is necessary to clean up. Grease the affected parts with a mixture of 3 parts lard and 1 part kerosene. Spray the premises, yards and under the buildings with a solution of salt water.

Blue bugs: In the first stages these pests are found on the fowls, and the later stages are found almost exclusively in the cracks about the hen house. In fact there are many more in the roosting places than on the chickens. These pests are blood suckers and in badly infested places it is impossible for fowls to live.

Treatment: This pest is much harder to destroy than most known insects and pests. It is worthless

to try to eradicate them during the time they are on the birds. Hence the proper method of attack is to clean up the house and roosting places. Because of the lasting and penetrating effect of crude oil and carbolineum they possibly are the most effective disinfectants. Either of these, if thoroughly applied by spray or brush, will kill out the worst infections. If birds are roosting all over the place compel them to roost in the hen house and then keep it thoroughly sprayed with one of the above disinfectants.

### MEMORIAL DAY RACE WINNER BUYS BUICK

Peter DePaolo, youthful winner of the Memorial Day 500-mile automobile race at Indianapolis, Ind., spent a day in Flint, Michigan, on his way to Altoona, Pa., where he will enter the 250-mile race on June 13th, and purchased a Buick car.

DePaolo's story as to why he decided to buy a Buick is a novel one. While he was preparing for the big race he gained the friendship of Bill Alexander of the Marvel Car-buretor Company, who was at the speedway in the interests of his company. Bill had a Buick fifty-five, and during the week previous to the race used it to tow the racing car from its garage to the speedway for practice spins. DePaolo took such a liking to Bill's Valve-in-Head Buick that when he won his laurels together with the \$38,000 in prize money, he decided to buy one like it.

The superstitions under which men who risk their lives often place themselves was humorously told by Alexander. "On the last night before the 500-

mile grind, someone backed another large car up to the garage to tow the DePaolo car to the track, but Pete would have none of it. "Where is Bill and his Buick?" he asked. "I'll not allow anyone else to tow my car at this stage of the game. I don't want to be jinxed by changing tow-horses in the middle of the stream." "Pete has a young son twenty months old and for luck he has a pair of little Tom's shoes tied to the front of this racing car."

DePaolo expressed himself as being proud of his new car.

"You see, I bought a reasonably priced car," he said, "and now people won't be going around saying I made a little money and am now squandering it."

DePaolo appeared inclined to take his honors modestly. He admitted it took a lot of courage to drive in all races of that nature and said that all drivers would agree with him.

"If there is one thing I owe my success to," he said, "it is that I am always around to oversee what goes on at all times where my car is concerned. You know you must have

### So Weak Couldn't Stand

"My wife's health broke down and for years she was just a physical wreck," says Mr. Thomas Glynn, of Gibson, La. "We did everything we knew, yet she seemed to get worse and worse. She was so weak till she couldn't stand, and had to be carried like a baby. It looked like nothing would save her that had been done.

### CARDUI For Female Troubles

"I knew that Cardui was for women. I decided to try it for her as all else had failed. She couldn't eat, she couldn't sleep, and I was desperate.

"After taking a few doses of Cardui, we were so glad to note that she wanted something to eat, and with each bit of nourishment, and each day's doses of Cardui, she grew stronger and got up out of bed. She is now able to cook, and stronger than in a long time."

Take Cardui.

## THE GREATEST SALE OF THE YEAR

**BEGINS FRIDAY MORNING, JULY 10**  
**ENDS SATURDAY NIGHT, JULY 18**

A whole big store full of new, seasonable merchandise, at a saving that commands the attention of all thrifty buyers

### *How Can Such Good Merchandise Be Sold at Such Low Prices?*

The only reason for telling you our side is to show you why we can sell these goods so cheaply, and where our profit comes in. Any good merchandising has to have two sides---sides that benefit both merchant and the customer. We get rid of all summer merchandise and broken lines; we clean house; we get ready for fall goods; we save carrying charges and depreciation. *That's how we profit.* The prices quoted on the following pages show how *you profit.* This clearance sale is good for both of us. ## Prices Are Greatly Reduced On Hart Schaffner & Marx Spring and Summer Suits and Men's Furnishings

### Hart Schaffner & Marx Suits

Prices are reduced because you haven't the variety to choose from that you had earlier.

Prices are reduced because we must have room for new goods.

Prices are reduced because it's cheaper for us to sell now than it is to carry over.

Price reductions are logical for you and for us—So there's nothing amazing about this sale—It's good business all the way round.

## FEDERAL ROAD AID.

The recent conference of Governors developed a heated debate in the discussion of the policy of the Federal Government granting aid to the extent of fifty per cent of the cost of highways throughout the country, the states and counties contributing the other half. As usual the chief critics were from the heavily populated states in the Northeast, where the bulk of the Federal taxes originate, while the defenders were from southern and western states. Such a division of sentiment is natural, if based on purely selfish grounds. We have the same sentiment to deal with in Texas. Counties with large cities in them are clamoring more and more against the idea of maintaining the state as the unit for highway construction.

But aside from these selfish considerations which should have no place in the debate upon matters of public policy, there are good reasons for continuing the policy of Federal aid on public highways. Chief among these is the fact that roads are no longer purely community affairs. Roads are a strictly national affair. Citizens of New Jersey, New York and Maryland use the roads of every other state in the union, and vice versa. The roads are common property and the value of the roads in a given community or a given state is determined very largely by whether they connect with roads in other communities or other states.

It is impossible to equalize the cost of construction. It is inevitable that certain localities will pay more taxes in the aggregate than others, due to greater wealth and greater population. But those who emphasize this fact overlook another, even more vital, and that is that New York pays heavy taxes because the whole nation does business with New York and as the prosperity of Texas increases, New York prosperity increases. The people of Dallas ought to want good roads in Wilbarger County, because their traveling salesmen travel Wilbarger highways every day and because anything that contributes to the prosperity of Wilbarger County contributes to the growth of Dallas. And no one nowadays would argue that good roads are not worth while.

But there is another reason why the Federal Government should have a vital interest in road construction and contribute to the cost. Roads are a big factor in national defense. Still another reason is that postal service is vitally affected by road conditions and such service is made the duty of the Federal Government.

The Federal Government has every reason, both from the standpoint of good public policy and selfish interest to further two important branches of Federal activity—defense and postal service—to contribute to the cost of building highways. It is just as logical to argue that Vernon, for instance, should not help pay the cost of building roads outside the city limits, as it is to argue that the Federal Government

## CLARIFYING THE GOVERNOR'S RACE.

Former Lieutenant Governor T. W. Davidson has announced that he will not be a candidate for Governor in 1926. This will be welcome news to those citizens who deplore the creation of a situation in the choice for Governor, where they must choose what they regard as the lesser of two evils, such as we had in the gubernatorial campaign last year. It is pretty generally admitted that a majority of the voters of Texas wanted neither Mrs. Ferguson nor Felix Robertson for Governor, yet, under our double primary system, they had no other choice in the run-off.

If there had been only two or three aspirants for the governorship in 1924, it is pretty safe to assume that neither of the candidates in the second primary would have been the choice of the voters. Mr. Davidson was an unintentional party to the creation of this situation. Of course, he had the right to run for Governor. Any citizen has that right, but it should have been apparent that in a field of six candidates, the candidates of special groups would have a tremendous advantage over the more conservative aspirants and that therefore the more conservative candidates would be under a big handicap.

There was another Davidson in last year's race, Lynch Davidson, also a former Lieutenant Governor. If either of the Davidsons had withdrawn, the other would have almost certainly been elected, but both remained and both lost. Now Lynch Davidson has announced that he is definitely in next year's winning, provided, of course, that others do not enter the race and divide his strength at the polls.

The only remedy for the prevention of a repetition of last year's situation is a preferential primary which would enable the voters to register their first and second choices. Such a law was passed by the last Legislature, but it was fatally defective in framing and was held unconstitutional. Until we do get such a law it is to be hoped that capable and patriotic citizens will not complicate matters and insure the election of undesirable candidates. Lynch Davidson will make a good Governor and it is to be hoped that he will not be hampered in his race by the candidacies of men who stand for much the same policies as he does.

## The Mary's Lamb of Radio.

This summer marks the inauguration of real portable radio receivers. Now radio need not be left at home. The summer vacation this year to be complete and up to the minute must include radio equipment. It can be secured in a compact case which will provide endless entertainment and bring the news of the day to the mountain camp as well as to the seashore, hotel, bungalow, houseboat, canoe, yacht or automobile.

The greater factor in making the portable radio receiver a practical possibility has been the dry cell

tubes. The W-11, W-12 and W-19 types have permitted the use of as many as a half a dozen tubes in a single radio receiving set.

Dry cells of a standardized size are a universal commodity. H. T. Mellich, of the Radio Corporation of America says, "They have so many different uses that they are found not only in the stock of the large radio shops but in the general store of the cross-roads hamlet. A few extra dry cells will insure satisfactory radio reception for months."

entered upon said premises and ejected plaintiff therefrom and with hold from him the possession thereof to his damage in the sum of \$500.00; that reasonable amount rental value of said premises is \$100.00.

Plaintiff further alleges that he, and those under whom he claims have had and held peaceable, continuous, and adverse possession of the said North one-half of the Southwest quarter of Block No. 74 of the South Addition to the Town of Vernon, Wilbarger County, Texas, using, cultivating and enjoying the same for a period of more than ten years prior to the filing of said suit. Plaintiff prays for relief in terms of law and upon final hearing for judgment for the title and possession of said North one-half of the Southwest quarter of Block No. 74 for writ of restitution, for his rents, damages, and cost of suit and for general and special relief.

Herein Filed Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

## Citation by Publication.

The State of Texas—To the Sheriff or any Constable of Wilbarger County—  
Greeting:

You are hereby commanded to summon W. L. Lovelady, J. A. Lovelady, Mrs. M. R. Stone and her husband, M. R. Stone, Mrs. W. A. Vance, the unknown heirs of L. M. Lovelady, deceased, and the unknown heirs of Mrs. Melissa Frances Miller, deceased, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Wilbarger County, to be held at the Court House thereof, in Vernon, Texas, on the 3rd Monday in August, A. D. 1925, the same being the 17th day of August, A. D. 1925, then and there to answer first amended petition filed in said Court on the 17th day of June, A. D. 1925, in a suit, numbered on the docket of said Court as No. 3717, wherein F. L. Mellich, Plaintiff, and L. A. Matthews, Zibba C. Matthews, Thomas B. Miller, Floyd Wilson, E. Smith, G. C. Morris, Mrs. W. A. Vance, W. A. Vance, G. G. Love-

lady, W. L. Lovelady, Mrs. M. R. Stone, M. R. Stone, the unknown heirs of L. M. Lovelady, deceased, the unknown heirs of Mrs. Melissa Frances Miller, deceased, and said petition alleging that on November 1, 1921, L. A. Matthews and wife Zibba C. Matthews, executed to G. C. Morris, trustee, a deed of trust on all of section 17 1/2, block B-3, of the H. & G. N. Ry. Co's surveys, Armstrong County, Texas, to secure four notes, said notes dated November 1, 1921, all due five years after date, for the sums of \$2730.55, \$5336.05, \$884.03 and \$813.29 respectively, bearing 10 per cent interest per annum and providing for 10 per cent attorney's fees, and providing that failure to pay any installment of interest when due will mature the note at the option of the holder, signed by L. A. Matthews and Zibba C. Matthews, and wife became bound to pay to plaintiff the sum of money in said notes specified together with interest and attorney's fees; that said notes are past due and unpaid, and defendants have failed and refused to pay them or any part thereof;

That said notes have been placed in the hands of Berry, Stokes & Kilbough, attorneys, for collection, and plaintiff has contracted to pay them the 10 per cent attorney's fees stipulated therein.

That said notes herein sued on were given in extension of part of note 3, 4, 5, 6, 7, 8 and 9 of the series of 12 notes given by E. C. Cayton, A. Hammen and J. D. Woodburn to Thomas B. Miller for part of the purchase price of section 15 1/2, block B-3, Certificate 15, 298, H. & G. N. Ry. Co's surveys, Armstrong County, Texas, as shown by deed dated October 20, 1917, executed by Thomas B. Miller and wife to said E. C. Cayton, A. Hammen and J. D. Woodburn, which notes were assumed by L. A. Matthews as part of the purchase price of said land and a vendor's lien on said land secures said notes.

That G. C. Morris is made party to this suit for the reason that he has been named trustee in said deed of trust; that Thomas B. Miller, Floyd Wilson, E. Smith, G. C. Morris, Mrs. W. A. Vance, W. A. Vance, G. G. Love-

lady, Mrs. M. R. Stone and her husband, M. R. Stone, the unknown heirs of L. M. Lovelady, deceased, the unknown heirs of Mrs. Melissa Frances Miller, deceased, are made parties for the reason that their claim against this property is based upon the title herein and is second and

inferior lien and should be cancelled and held for naught.

Wherefore plaintiff prays the court that defendants be cited to appear and answer this petition; that J. H. Lovelady, G. G. Lovelady, A. V. Lovelady, J. A. Lovelady, Mrs. M. R. Stone, M. R. Stone, Mrs. W. A. Vance, W. A. Vance, the unknown heirs of L. M. Lovelady, deceased, and the unknown heirs of Mrs. Melissa Frances Miller, deceased, be cited by publication; and that he have judgment for his debt; interest, attorney's fees and all cost of suit, and for foreclosure of his vendor's lien and deed of trust lien upon the above described land, and that the lien and claim of Thomas B. Miller, S. E. Smith, Floyd Wilson, J. H. Lovelady, G. G. Lovelady, W. L. Lovelady, J. A. Lovelady, M. R. Stone, Mrs. M. R. Stone, W. A. Vance, Mrs. W. A. Vance, the unknown heirs of L. M. Lovelady, deceased, and the unknown heirs of Mrs. Melissa Frances Miller, deceased, be held for naught so far as this indebtedness and lien held by plaintiff on this land is concerned, and the cloud cast upon the title to this property by reason of their claim be removed; that the land be decreed to be sold according to law; that the sheriff or other officer executing said order of sale shall place the purchaser of said property sold under said order of sale in possession thereof within 30 days after the day of sale, for such other and further relief, special and general, in law and in equity, that we may be justly entitled to.

Herein Filed Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Vernon, Texas, this 26th day of June, A. D. 1925.
